Hungarian Premier Resigns Portfolio

Acquittal of Deputy Sacs in Criminal Libel Suit Is Cause.

BUDAPEST, June 4.—The Hungarian premier, Dr. Ladislaus von Lukacs, announced today his resignation from the Hungarian cabinet at the opening of the sitting of the chamber of deputies. The premier determined to resign owing to the acquittal of Deputy De Sacs in a suit for criminal libel brought against him for accusing the premier of corruption in connection with some contracts with the Bank of Hungary.

His Head Was Nearly As Hard as a Brick

LOS ANGELES, June 4.—A brick dropped from the tenth story of a partially constructed building sent Vincent Check of Rosehill to the receiving hospital with a broken head, but physicians said today his chances for recovery were good.

The missile struck squarely on the crown of Check's head, but the injury sustained by him was pronounced comparatively slight and it was said his complete recovery was but a matter of a few days.

MARKET IS BROKEN BY PRICES

Excitement on Exchange Unparalleled Since Panic Days of 1907

NEW YORK, June 4.—The excitement on the Stock Exchange during the first hour of today's market was probably without parallel since the panic of 1907. Stocks were literally poured out regardless of quoted prices, with declines greatest in the standard shares.

One of the main factors making for the liquidation was the over-night news from Washington indicating a radical attitude on the part of the administration.

TRAGEDIES MAR THE DERBY

Suffragette Grabs the King's Entry and Is Horribly Trampled

EPSOM, June 4.—The most dramatic Derby ever run on the historic course at Epsom Downs was accompanied today by a series of events of the most startling character.

Just before the finish a suffragette attempted to seize the bridle of the king's entry, Anmer, while he was running at his topmost speed. The woman was fatally injured when the horse fell and the jockey was badly hurt. The king and queen and

Los Angeles Police Judge Elected Mayor by Large Majority

H. P. ROSE, MAYOR-ELECT OF LOS ANGELES.

ROSE, INDEPENDENT, WINS OVER SHENK

Lissner Machine Gets a Crushing Defeat From Liberal Element

LOS ANGELES, June 4.—Official returns from all but eight of the city's 453 precincts served today to confirm the figures of last night, which gave Police Judge H. P. Rose, independent candidate, a majority of more than 7000 over City Attorney John W. Shenk, his opponent for mayor. The totals for the 447 precincts as cast up by City Clerk Wilde gave Rose 44,970 and Shenk 37,749.

One Socialist, Fred C. Wheeler, won a place in the city council, leading four of the other eight successful candidates. Mrs. Frances Noel, the woman socialist candidate for council, who was expected to show great strength, polled a smaller vote than any of the men, despite the fact that she had the endorsement and active support of a number of influential club women and suffrage leaders.

A majority of the new council will consist of men who before election were supported by those in favor of municipal ownership of the power to be developed by the recently completed Owens river aqueduct, and who

Woman Flees From Home and Husband, But Leaves a Note

Wife of Alameda Contractor Takes Child and Household Goods, Departs.

ALAMEDA, June 4.—Mrs. Maren K. Decker, wife of R. E. Decker, a well known local contractor, fled from the home of her husband at 1157 Park avenue, last night, according to Decker, taking with her Margaret, the five-year-old daughter of the couple and much of the household effects. A brief note in which the woman explained that she could no longer endure the life, and recommending her unpaid bills to her husband, as well as giving permission to him to dispose of what she had left, explained her disappearance.

Decker says he will make no effort to bring her back. His anxiety was that she has run him into great debt through her extravagances and that he will be responsible for no further bills contracted by her. The deserted husband says that never has there been any trouble between himself and his wife before. She kissed him good-bye when he went out yesterday evening and when he came back he says the note was discovered. This was the first intimation he had that his wife had expected to leave him.

The Deckers were married ten years ago.

"RESIGN!" DEMANDS McADOO

Stone, McKinlay and Mattos Ordered to Retire

Must Quit Government Positions Or Be Ousted Promptly

SAN FRANCISCO, June 4.—SECRETARY McADOO HAS CALLED FOR THE IMMEDIATE RESIGNATIONS OF GEORGE STONE, NAVAL OFFICER AT THIS PORT; DUNCAN MCKINLAY, SURVEYOR OF PORT, AND JOHN MATTOS JR., APPRAISER IN THE CUSTOMS HOUSE. SALARIES OF THESE OFFICIALS ARE: NAVAL OFFICER, \$5000 A YEAR; SURVEYOR, \$5000 A YEAR; APPRAISER, \$4000 A YEAR.

THE INTIMATION IS THAT IF THEY DON'T RESIGN THEY WILL BE PROMPTLY OUSTED.

SPREAD DRAGNET FOR LOBBYISTS

WASHINGTON, June 4.—The dragnet was spread today in the Senate's probe for "the lobby." Subpoenas for a score of men were issued. It is generally understood here that some of the names were furnished by President Wilson and that others are those which developed in the testimony of senators.

The new witnesses are to be heard next week. Some of the names are being kept secret, but Chairman Overman today gave out this partial list: Aaron Gove, Denver; Dr. S. W. McClure, Salt Lake City, secretary of the National Wool Growers Association; Henry F. Oxnard, New York, prominent in the beet sugar business; Edward F. Dickinson and Jules Godchaux, representing Louisiana sugar interests; Sidney M. Rallou, E. E. Paxton, H. D. Mcende and Walter G. Smith, also understood to be interested in sugar tariff affairs; John F. Hamburg, New York; Harry Irwin, H. T. Alexander, Trenton, N. J.; Frank Gorman, Buford Lynch and John Carroll, all of Washington.

STRATTON WANTED TO RETIRE MONTHS AGO

Eager to Resume Practice of Law After Years of Splendid Service

The news dispatch from Washington yesterday to the effect that Fred S. Stratton, collector of the port of San Francisco, had been asked to resign, has proved to be not only misleading, but decidedly unjust to Mr. Stratton, whose third term as collector of the customs expired some months ago, and who had long since asked the treasury department to relieve him from the responsible post. Stratton has been collector of customs at San Francisco since December 1, 1910, having completed his third term, and has retained the place for the last few years only at the earnest solicitation of the authorities in the United States Treasury Department because of his exceptional qualifications for the post, and his efficient service. He has given over twelve years of his best time to a public service which was less remunerative than was the private law practice which he had at the time of his appointment, and which he has been anxious to resume. As soon as his successor has been named and qualified, he will carry out plans which he has had in mind for some time and have been de-

layed by the apparent reluctance of the Treasury Department to find and name a successor to the post. During the entire twelve years of service as collector of customs, there has never been a single scandal in regard to the manner and methods by which he conducted the office, a record, almost unique among officials of this kind. The place carries many large interests and handles large sums of money. And from this responsible place Stratton retires with honor and with his reputation for efficiency and integrity and fair dealing at all times unimpaired. Stratton is independently wealthy, and would be sufficiently employed merely looking after his private interests, but his devotion to the law, to which he dedicated his life in his early years, has been persistently calling to him, and he will open offices in the near future. It is believed now that his successor will be named.

While no successor has been named to Stratton, it is generally believed that J. O. Davis of Berkeley, or R. H. De Witt of Treks will secure the position.

SALOON WRECKED BY EXPLOSION

Burglars Blow Con Donovan's Safe and Secure Only \$7.

scattered about the room. Several cases of beer bottles, which stood in front of the safe, were hurled with great force into the opposite wall, and bits of glass were scattered about the room. According to Inspector McSorley the explosion was caused by about six ounces of the explosive, or as he said, about three times the proper amount to blow the safe.

The thieves entered the saloon through a rear window, using a couple of "jimmies" to force the door. The safe stood in the retail liquor department of the place. It happened

that there was the sum of \$7 left by A. W. Murphy, the head bartender.

SAW NO STRANGERS.
Jack Schmidt, night bartender, and Henry Donovan, son of the proprietor of the place, looked up last night. They declare that no strangers were lurking about. Detective Emigh states, however, that whoever opened the place must have been familiar with its arrangement.

McSorley may have been taken in order to allow the thieves to practice on the handling of the money of the place. A collection of foreign coins in the safe was also taken, but these are of practically no value. They were the property of Murphy.

The total loss was something like \$8. The glycerine used, and the two chisels left behind and found by the police nearly amount to this sum. This fact, coupled with the excessive charge, and the fact that the warehouse certificates, readily convertible into coin, were not removed, lead the police to believe that the work was that of amateurs.

"The explosion was forcible, but not loud," declared Jack Weber, who lives next door. "I was aroused from my sleep. I thought for a moment it was an earthquake. I did not see or hear anyone."

The tools left behind by the burglars had no identifying marks, and will not, according to the police, serve as clues.

WOMAN HURT BY KING'S HORSE

scores of royalties witnessed the incident.

The race itself was unusual. The favorite, Craganor, crossed the line first, but was promptly disqualified for "bumping" and was displaced by Abeyore, 100 to one shot.

Fifteen horses competed and the places were awarded to Louvois at 10 to 1 against and Great Sport, 20 to 1 against.

In the race immediately following the Derby Jockey Whalley was seriously injured and his horse had to be shot.

Thousands of people, including many American visitors, were gathered at Tottenham Corner watching the horses taking the critical turn into the straight for home when the suffragette dashed forward and seized the reins of His Majesty's colt.

The woman so terribly that she was unrecognizable, and then fall with the jockey.

WOMAN UNCONSCIOUS.

The woman lies unconscious in the local hospital. Her name is given as Miss Emily Widdowson, a member of the Women's Social and Political Union, who since 1909 has been sentenced eight different times to imprisonment for participation in suffragette outrages.

Emily Davidson was the woman who assaulted a Baptist minister at Abbeey station, mistaking him for David Lloyd George, chancellor of the exchequer. Whenever she has been imprisoned she has started a "hunger strike" and has generally been released. She has been found hidden in the House of Commons three times and ejected.

The race was witnessed by a brilliant party of royalty, including King George and Queen Mary, the Duke of Connaught, Prince Arthur of Connaught, the crown prince and the crown princess of Sweden, the grand duke of Mecklenburg-Strelitz, Prince Christian and Princess Victoria of Schleswig-Holstein.

HABEAS CORPUS AGAIN CONTINUED

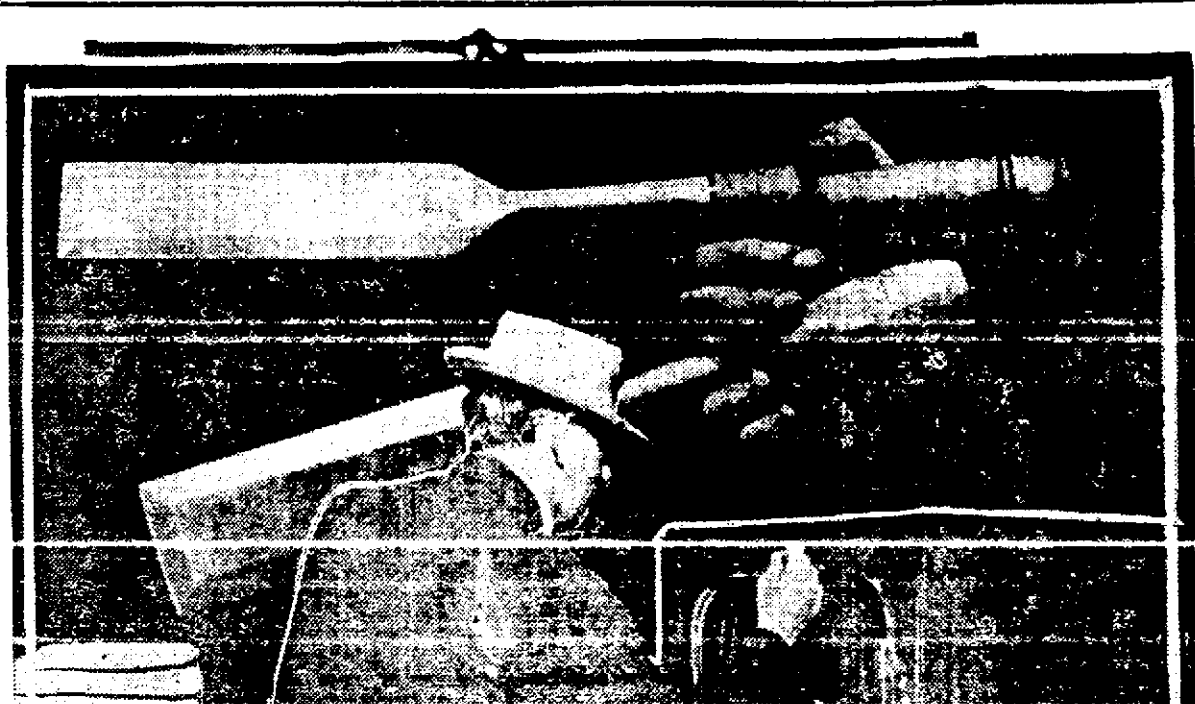

Proceedings for Children of Mrs. McLaughrey to Be Called Tomorrow.

SAN FRANCISCO, June 4.—For the fifth time this morning Judge Seawell continued the habeas corpus proceedings in which Mrs. Anita Baldwin McLaughrey, daughter of "Lucky" Baldwin, seeks to gain the custody of her children, Detra and Baidra, now in the custody of the husband and father, Hull McLaughrey. The case will be called again tomorrow morning.

AD. CLUB DELEGATES DEPART FROM TRUCKEE

TRUCKEE, June 4.—Oakland and San Francisco delegations to national convention of Advertising clubs at Baltimore left Truckee last night after a sojourn of three days at Tahoe. The advertising men and their ladies were elaborately entertained at Tahoe. In the party are Mr. and Mrs. Fred L. Hall and Lee Bertillon of Oakland; Mr. C. H. O'Brien, Mr. and Mrs. C. G. Ayers, Mr. and Mrs. C. E. Brodhead and Messrs. Bidwell, Nelson, Anderson, Soona, Hunt, Derome, Bruner, Garin, Herman and O'Brien of San Francisco.

announced themselves, before the nominating primary a month ago, as against the proposition to have the city enter into a "temporary arrangement" with various power companies for the distribution and sale of the aqueduct power.

DISCORD DEFEATED SHENK.

According to today's comments on the results of the election of Rose, who was the candidate of the so-called "liberal element," was due to a combination of circumstances, the main features of which were factional antagonism among the Shenk supporters and revision of sentiment created by a governmental regime which has been heralded as "chemically pure."

Another reason given for the defeat of the Shenk machine was the active support of most of the city's six newspapers and the opposition of none, was that the people had tired of so many elections. There have been four municipal elections in five years, with numerous ballots on special subjects and matters of lesser importance scattered in between. This according to political observers, brought forth a condition of apathy and created a large stay-at-home element which allowed an actual minority to elect Rose.

The total vote was less than 90,000. At least 10,000 Socialists, it was estimated, refrained from voting for either Shenk or Rose.

The total registration of the city is 182,000 and Shenk adherents declared that most of their people had stayed at home.

POLICE CASE CONTINUED.

SAN FRANCISCO, June 4.—Sergeant of Police James McGowan, one of the accused officers suspended by the chief of police, pleaded not guilty to a grand larceny charge before Judge Cabanis today and his case was put over until Saturday to be set.

HERO OF SLAYING IS CUT IN AFFRAY

Chaufeur Moss Stabbed During Row in San Francisco Saloon.

SAN FRANCISCO, June 4.—Curtis Moss, the chauffeur who, in November, 1911, captured Paolo Prantikos, slayer of Policemen Castor and Finnely, came out second best in an encounter at Ellis and Powell streets, at 2 o'clock this morning. In consequence he is nursing an ugly wound in the right side of the abdomen while his alleged assailant, Paul Pederson of the Hotel Meritt, is being held in delinque at the city prison.

Officers Rextum and Cummings captured Pederson in a street street, holding them as security for debt. Habeas corpus proceedings were employed for the first time here in a new field. The children were held because their father could not pay their board bill.

TENIS EXPERT RECOVERS.

NEW YORK, June 4.—A. B. Jones, member of the Australian international lawn tennis team, was out on the courts of the West Side Tennis Club today for the first practice he has been able to take since he began in Boston.

I. N. Dought, captain of the team, said he hoped to get Jones in shape to play in the doubles matches Saturday.

TWO WOMEN HURT WHEN AUTOS CRASH

Four Hurled to Pavement in Collision on Dark Street Corner.

(Continued From Page 1.)

Crashing into the machine of Dr. Thomas G. Dadds, while traveling at a high rate of speed, according to the driver, to escape several men who were pursuing him, an automobile driven by Charles Mann hurled three women from the physician's machine, seriously injuring two of them. The accident took place this morning, shortly after midnight. The automobile struck the Dadds machine at the corner of the old county road at Twenty-sixth avenue, knocking it 50 feet away.

Mrs. Thomas G. Dadds, wife of the physician, sustained a broken hip. Mrs. Lydia Dadds, his mother, was badly shaken up and cut. Dr. Dadds and Mrs. Harriet Wright escaped with only slight bruises. The occupants of the other car were not hurt, and all but the driver, Charles Mann, fled. Mann declared that the brakes of his machine were defective.

The Dadds party was returning from a meeting of the Order of Eastern Star in Fruitvale, and the other machine was coming along the old county road when the crash occurred. Dadds, seeing the machine approaching, attempted to turn out, but could not clear the path of the other.

Dr. Dadds declares that the other machine was going at a rate of 50 miles per hour. After the accident he removed the two women to the Acropolis Hospital, and later to his home, 2945 Twenty-fourth.

Dadds declares that he was going slowly at the time of the accident. "I had been going faster," he stated, "I would have crossed ahead of the other machine." He had not decided whether or not to take action against the other driver.

RECOVERS CHILDREN BY HABEAS CORPUS WRIT

LOS ANGELES, June 4.—When two young children of Jose Vidama were recovered by their father today from caretakers alleged to have been arbitrarily holding them as security for debt, habeas corpus proceedings were employed for the first time here in a new field. The children were held because their father could not pay their board bill.

SON IS EXPELLED, SO FATHER SUES SCHOOLS

DENVER, June 4.—C. A. Roberts filed a suit for \$7000 damages against the Denver school board. Roberts filed the suit as "next friend" to his son, who was dismissed from the high school by order of the board because he was charged with having joined a Greek letter fraternity. Forty-six other pupils were expelled by the same order of the board.

SMALLMAN AND POORMAN IN SUITS

Mary Smallman, alleges in her divorce suit against Robert F. Smallman, that the defendant threatened to "beat out her brains and scatter them all over the sidewalk" but that he failed to carry out his threat and later drove her from the house. She said that she was afraid to return and wants to have the court fix things so that she will not have to.

Lee J. Poorman told his wife that he was ashamed to be seen on the streets with her Easter Sunday because she was not so well dressed as he, according to the divorce complaint of Olive Poorman, filed in the Superior Court. Plaintiff avers that Poorman failed to provide for her and that he treated both her and her mother with cruelty.

That his wife had paid more attention to one Homer Read than she did to himself, is the complaint of Benjamin J. Reitz in his suit for divorce against Eugene P. Reitz. Reitz claims that the defendant was accustomed to visiting Read at his home where she consorted with him over his divorce from his wife and that she went for walks and car rides with Read.

TRACE CONVICT BY HOB-NAIL IN SHOE

Life Term Violates Parole and Is Followed for 70 Miles.

(Continued From Page 1.)

GLOBE, ARIZ., June 4.—Traced for seventy miles by the heel marks of a hob nailed shoe on the mountain trails, Walter Sharp, a life term murderer and honor man, who violated his parole, was captured by Prison Guard Peter Avenue and brought here today on the way to the penitentiary at Florence.

Sharp was sentenced to life for having slain an aged saloonkeeper at Bisbee, whose money he took to gamble in a nearby resort. Thirteen months ago he was made an honor man and allowed to become a wood cutter fifteen miles from the penitentiary. He disappeared five days ago.

When Avenue came upon him, Sharp surrendered and said he had not eaten for two days.

GIRL AUTOIST IS NOT HELD FOR MANSLAUGHTER

EL PASO, TEX., June 4.—Judge Crist this morning dismissed the manslaughter charge against Miss Ruth Mulvan preferred on May 12. Miss Mulvan, while driving an automobile near the Panhandle, ran down and killed Miss Helen Campbell of 439-A Dolores street.

The entire city council favored the project of calling for a bond issue. Commissioner of Public Works Harry S. Anderson stated this morning that the committee of which he is chairman will commence work immediately obtaining estimates and plans for the work.

CHEAPENING OF MUNICIPAL BUILDING NOT PERMITTED

BOND ISSUE FOR NEW CITY HALL

City Council Launches Campaign for Municipal Improvements.

(Continued From Page 1.)

that it would be necessary to carry a bond issue to complete the new City Hall and place it in commission.

The resolution was offered by Mayor Frank K. Mott this morning. The resolution contemplates the creation of a committee consisting of members of the City Council to obtain plans, specifications and estimates of cost as to the completion and furnishing of the new structure.

The committee will consist of Commissioners H. S. Anderson, W. J. Baccus and John Forrester. The plans and estimates will probably be obtained through the office of the supervising architect.

SEEK ESTIMATES.

The resolution passed this morning provides: "Whereas, it is contemplated by this Council to submit to the qualified voters of the City of Oakland, County of Alameda, State of California, a proposition of incurring a municipal bonded indebtedness for permanent municipal improvements hereinafter more particularly described:

"Resolved, That Commissioners Anderson, Baccus and Forrester be, and they each of them are, hereby named and appointed as a committee to secure and furnish to this council plans and estimates, by a competent engineer or architect, of the cost of certain permanent municipal improvements to be made, the completion, equipping and furnishing of the City Hall of the City of Oakland."

CHEAPENING PROHIBITED.

At the time the city hall plans were submitted it was recognized that the building could not be erected for the money which had been provided by the bond issue. The contracts, when the bids were received, totaled about \$1,250,000 without any appropriation for furniture.

The citizens were called upon to vote their sentiments at that time as to whether the administration should go ahead with the work under the plans selected, or whether the building should be cheapened. It was given at a big mass meeting as the consensus of opinion that the building should not be cheapened, and that the extra funds would be provided at a later date.

The outer shell of the building has been completed, the cabinet work of the interior, the lighting fixtures, both interior and exterior, jail fixtures, the interior painting and mural decoration, the sidewalk around the building and the furnishing of the structure for use must all be provided for in the proposed bond issue.

TO BE SINGLE ISSUE.

It is the purpose of the administration to submit the city hall completion bond issue as a single issue at an election to be held for that purpose. There are several projects for which it was thought bonds might be voted, but in the present state of the bond markets the city council will present the city hall matter alone.

A strong campaign, to be backed by the commercial and business and improvement organizations, is to be launched immediately after the estimates as to the cost of the work are presented. The assurance has been given that the business interests and the civic organizations will work in favor of the bond election.

It is expected that the estimates prepared by the city hall architects of the firm of Palmer, Hornbostel & Jones, assisted by Supervising Architect J. J. Donovan, Donovan has already done some work with Henry Hornbostel in designing furniture for the new building.

The entire city council favored the project of calling for a bond issue. Commissioner of Public Works Harry S. Anderson stated this morning that the committee of which he is chairman will commence work immediately obtaining estimates and plans for the work.

SMALLMAN AND POORMAN IN SUITS

Mary Smallman, alleges in her divorce suit against Robert F. Smallman, that the defendant threatened to "beat out her brains and scatter them all over the sidewalk" but that he failed to carry out his threat and later drove her from the house. She said that she was afraid to return and wants to have the court fix things so that she will not have to.

Lee J. Poorman told his wife that he was ashamed to be seen on the streets with her Easter Sunday because she was not so well dressed as he, according to the divorce complaint of Olive Poorman, filed in the Superior Court. Plaintiff avers that Poorman failed to provide for her and that he treated both her and her mother with cruelty.

That his wife had paid more attention to one Homer Read than she did to himself, is the complaint of Benjamin J. Reitz in his suit for divorce against Eugene P. Reitz. Reitz claims that the defendant was accustomed to visiting Read at his home where she consorted with him over his divorce from his wife and that she went for walks and car rides with Read.

MAYOR EXPLAINS CITY HALL ISSUE

Executive Declares It Is Essential That the Project Carry.

By MAYOR F. K. MOTT.

There has been a general impression among many other citizens that extra money for work on the new city hall was provided by some sort of a special tax. This was not the case. There has not been a cent of revenue expended on the work on the new building.

When the bids were received we discovered that the building would cost more than had been provided in the bond issue, and the citizens were called upon to voice their wishes as to whether we should proceed or so cut down the plans and reduce the specifications as to bring the building within the appropriation.

HOLDERS OF SMITH SECURITIES ARE DILATORY

Trustees Hold Back Interest Payment to Bring in Outstanding Notes.

Reorganization of the United Light and Power Company Is Contemplated.

Owing to the plans for reorganizing the F. M. Smith affairs which the trustees in charge have formulated the trustees for the United Properties Company yesterday stated that no payments would be made at present on the debenture trust notes of the United Light and Power Company of California.

This company owns or leases several local plants, and the Equitable Company which is engaged in the business of selling steam heat in the city of this stock is owned by the United Light and Power Company of New Jersey, of which all the stock is owned by the United Properties Company of Delaware.

From the published statements of the United Light and Power Company of California, it appears that its obligations consist of a first mortgage bond issue authorized for \$1,000,000 of which \$2,817,000 is reported as outstanding. Only about \$125,000 of this amount, however, is held by the public at large, together with 75 per cent of the stock of the company, is deposited as collateral for the issue of three-year 6 per cent debenture trust notes, on which the interest is now due. This debenture trust note issue was authorized for \$3,000,000 of which only \$500,000 have been sold outside the company. The notes are due December 1, 1914, and the Bankers' Trust Company of New York is the trustee. The interest is payable semi-annually and the amount now due is only \$18,000. The trustees of the United Properties Company say this subsidiary concern is about to be reorganized, and payments may be delayed until this has been accomplished.

It is also thought by some who have been watching the work of the trustees very closely that the action in defaulting the interest payment at this time was made with a purpose of convincing holders of outstanding securities that they must act with greater despatch in sending in their securities. The trustees have been experiencing some trouble in securing prompt action on this matter, and the recent extension of time allowed to overcome this dilatoriness on the part of the creditors, has not been entirely successful in its purpose. Instead of being helped by this extension, the trustee asked them to the holders have only in part responded, yet nothing of a decided nature can be done until a sufficient percentage of the outstanding notes are exchanged for the new securities.

SECRETARY'S STATEMENT.

John S. Drum, secretary for the trustees, said today:

"The extension of time has operated to make holders of the Smith collateral notes in responding to the request of the trustees. We are giving all our attention at the present time to derive a method for meeting payment on the \$2,817,000 and \$1,000,000 notes of the San Francisco-Oakland Terminal Railway, the former of which falls due on the 15th of this month. Nothing definite has yet been done, and we will not be in a position to say what we can do until we know whether we are to have all the securities turned over to us. A large amount has already been received."

The magnitude of the task is indicated from the fact that the trustees, who are heads of large banking institutions, have devoted their entire days, morning and afternoon, since they were appointed to work at the rooms in the Royal Insurance building, where the process of straightening out the finances of the Borak King are in progress.

No offers have been entertained, the trustees say, for the sale of any of the properties. One rumor that has been current for several days is to the effect that an effort is being made in Oakland to have this debt purchased by the traction lines and operate them under municipal ownership. Nothing definite, however, has materialized in this particular, and it is doubted if such a plan could be carried out. Another more or less persistent rumor is that the Southern Pacific will eventually buy these lines. There has also been some indication that the United Properties Company would be reorganized after settlement of the Tevis-Hanford claims against Smith. None of the parties has anything material to divulge at present to the public, but all express themselves as hopeful.

SENATE IS FIRM ON COAL STRIKE

WASHINGTON, June 4.—Despite suggestions from coal strikers that a visit of the Senate committee investigating the West Virginia coal strike conditions "might undo all the work of the state authorities in suppressing disorder," the committee today announced its intention to its original program to begin hearings at Charleston, W. Va., Tuesday, June 10, at 2 p. m.

C. C. Watts and Z. T. Vinson, representing the operators, suggested that an investigation in the field might lead to renewed disorder and cause a premature general strike. In a long statement to the committee Watts intimated that possibly the alleged conspiracy to assassinate Governor Hatfield, discovered yesterday, might have resulted from the investigation accompanying the efforts of the investigating committee.

"Whether this proposed investigation has anything to do with this recently discovered attempt to assassinate Governor Hatfield, I do not know," said Watts, "but this committee ought to consider that phase of the situation."

A DANGEROUS CONDITION.

"There is a feeling down there even now," declared Vinson, "that the government of the United States is going to hold up the governor and the authorities of the state until they have done something to serve law and order."

"We have had great trouble," said Watts, "in subduing the riotous outbreaks so far. We fear that if another outbreak is induced it will paralyze the principal authority of our state. If those discontented men get the idea that you have come there to review the actions of the courts they will think you have come to rescue them."

Chairman Borah and Senator Swanson were not to be dissuaded. Senator Shields was insistent that the committee go to Charleston. Senator Martine suggested have a reassuring effect.

Representatives of the strikers expect to have about one hundred witnesses on hand at Charleston for the hearings Tuesday.

ELABORATE PLANS COMPLETE FOR BIG SHRINERS' BALL

MRS. GEORGE MEREDITH, WHO WILL ASSIST IN RECEIVING GUESTS, AND OTTO RIEHL, WHO IS AIDING IN ARRANGING TEMPLE PLANS.

Replete with clever features, next Friday night's banquet and ball, at which Ahmies Temple of the Mystic Shrine will act as hosts at the Hotel Oakland, promises to be one of the most elaborate events of its kind ever given by the branch of the Masonic order. Preparations for the different features have been practically completed by the committee in charge of arrangements. Attractive place-cards and decorations will grace the tables at the banquet, when the Nobles and their ladies will hear speakers on the work of the Shrine and its meaning. Following the banquet a reception, at which the elaborate clubrooms of the Shrine will be thrown open to the fair guests, and a ball in the Ivory ballroom, will be the events of the evening. Special musical numbers will be played for the dancers and an attractive program has been arranged.

Many reservations have come in for the banquet, the members of the local temple and others having taken seats for the affair. The Renaissance grill room will be a brilliant scene. The Shriners will attend in full dress, wearing the red fez, the insignia of the order. The guests will be seated at the round tables in the grill-room in parlors.

E. A. Forrester, the toastmaster of the evening, and member of the Official Divan of the Shrine, will introduce the speakers of the affair. Delegates Frank W. Bilger, George S. Meredith and Ben O. Johnson, recently returned delegates from the convention at Dallas, Texas, will be the guests of honor. They will be asked to tell of their visit to the Imperial Council and of the work accomplished there. While there Bilger also attended the convocation of the Imperial Ecclesiastical and Military order of the Red Cross of Constantinople. He brought back with him the charter of that order for St. Philip's convocation, the Oakland branch of the order. In honor of this a banquet was recently given by members of the convocation. Bilger was also elected to a high office in the order while in the East.

The guests will sit down to the banquet promptly at 7:30, according to the present arrangements of the committee, and the reception and ball will begin at 10 o'clock. Banquet reservations must be made by this evening with L. E. Westrich, head of the general arrangements committee, according to the announcement of the directors of the affair.

The reception committee, which will receive the guests at the hotel, will include many members of the official divan and their wives. Among these will be Mr. and Mrs. George S. Meredith, Mr. and Mrs. Frank W. Bilger, Mr. and Mrs. W. T. Piddwell, Mr. and Mrs. E. A. Forrester, Mr. and Mrs. Robert Grieg and many others.

TURNER DENIES FORREST'S CHARGE

Police Not Playing Favorites, But Doing Duty, He Declares.

Commissioner F. C. Turner stated today that he had commenced the investigation of the charges made yesterday that the police department had favored the Pacific Gas and Electric company against the strikers. Turner declared that he had been unable to discover the slightest foundation of the allegations made by E. S. Hurley before the council yesterday, and endorsed by Commissioner John Forrest.

"I questioned Acting Chief of Police F. J. Lynch closely as to the conduct of the police department this morning. He informed me that no requests for protection had been made by the strikers that had not been granted, and that no greater protection was being extended to one side than to the other."

"It seems to me that the protest filed by the strikers through Mr. Hurley yesterday was a most extraordinary one. He stated that he was presenting a protest against protection being given by the police department to the employees of the Pacific Gas and Electric Company and to the

protection to life and property is the function of government, and the filing of a protest against the city exercising that function seems to be absolutely revolutionary."

POLICEMAN FOUND DYING IN HIS OWN HOME

Officer Has Bullet Wound in Head and Revolver in His Hand.

SAN FRANCISCO, June 4.—Henry J. Charleston of the Rush-street station was found dying on a couch in his home, 1775 Union street, at 2 o'clock this afternoon, with a bullet wound in his head and a revolver clutched in his right hand. His wife stated positively that the shooting was the result of accident, but her declaration is refuted by Patrolman E. C. Marsh, who heard the shot and rushed into the house. Dr. Harrington was called, but the officer died in his arms.

Mrs. Charleston declared that her spouse was reloading his pistol when the gun accidentally went off. Patrolman Marsh says that when he entered the dining-room he found Marsh half reclining on a couch with the gun still clutched and with a hole in his right temple. Upper office detectives are investigating.

BRAZILIAN MINISTER WILL RETURN VISIT

BRIDGEPORT, Conn., June 4.—Dr. Lauro Muller, Brazilian minister of foreign affairs, left here today for Norfolk, Va., on board the Brazilian dreadnought Minas Geraes, accompanied by a staff of eight. Dr. Muller is returning the visit paid in 1906 by the then secretary of State Simon Root. His mission is one of peace, as there are no outstanding questions between the United States and Brazil.

JAPAN SENDS NOTE ON WEBB BILL TO BRYAN

Reply Long Argument to Prove That Alien Land Law Is Discriminatory.

Both Governments Agree to Withhold All Correspondence From Publication.

WASHINGTON, June 4.—Japan's rejoinder to the United States' reply to her protest against the California alien land law delivered personally by Ambassador China to Secretary Bryan late last night, sets out by the Tokyo government continues to regard the Webb law as discriminatory against Japanese, in derogation of the treaty of 1911.

The Japanese note was very long and its nature entirely argumentative. Secretary Bryan and Ambassador China were in accord that no good purpose could be served at this time by a public discussion of the delicate question, and thereafter both officials gave notice that any attempt to publish what might purport to be even the substance of the three communications which have passed between the two governments must be based entirely upon speculation. It is known, however, that the note of the Japanese today is that of a dignified and orderly presentation of Japan's view of the case, concluding with an invitation to further negotiations.

Nothing in the nature of an ultimatum is contained in the note. Its general tone is to invite further discussion of the controverted points and it contains nothing tending to make up final issue. Secretary Bryan and the Ambassador agreed that no details should be made public.

REJECTS CLAIM FOR NEW AUTO

Alameda Council Takes Radical Steps; City Now Faces Suit.

ALAMEDA, June 3.—Had not the fire chief's auto been destroyed last night, it would surely have suffered severe damage from the cyclonic procedure of the council members last evening. The council made a wreck of the auto purchase proceedings to date, through voting to refuse to pay for the car, and rescinding all former proceedings bearing on the purchase of the auto.

The auto mix-up started with the reading of the report of the finance committee, which had recommended the purchase of a Buick car for \$1,000. The council then voted to purchase the car, and the finance committee was asked to proceed with the purchase. The council then voted to rescind the purchase, and the finance committee was asked to proceed with the purchase. The council then voted to purchase the car, and the finance committee was asked to proceed with the purchase. The council then voted to rescind the purchase, and the finance committee was asked to proceed with the purchase.

RAISED TAX LEVY.

The next step was taken when the council believed that the fire chief should have some way of getting to fires. The council raised \$1500 in the tax levy and the money is there yet. Next the council delegated to the police and fire commission the authority to proceed to buy an auto. The commission asked for bids; it received only one, it accepted bids, and it awarded a contract to one of the bidders. In the meantime the new council came into office. The auto was delivered on time.

The claim for payment of the car was offered and was turned down by a vote of 6 to 2. Councilman Bullock moved that the new council should not be bound by the action of the old council. The motion was seconded. Councilman Barlett, inquired why the claim had not been approved by the finance committee. The finance committee explained that precedent had established the custom of taking claims directly to the council in case a majority of the finance committee did not approve. The claim bore the approval of the committee chairman and of the police and fire commission. The council then voted to purchase the car, and the finance committee was asked to proceed with the purchase. The council then voted to rescind the purchase, and the finance committee was asked to proceed with the purchase.

PASS ROUTINE MATTERS.

Routine matters in the city council last night were attended to as follows:

Application of Associated Oil Company to erect four 1000-gallon tanks at Alameda Point referred to fire, water and police committees.

Application of Alameda Improvement Association relative to date of starting car service in the west end by the Southern Pacific Company, referred to public utilities committee.

Application of same organization that money be provided in coming budget for "Stuntin' with wheels of wheelbarrow" road, referred to street and finance committee.

Request of electric department, Pacific Telephone and Telegraph Company and Mayor Frank Otis to make service connections, granted.

Request of Mrs. J. H. Platts that electric lights be installed in Lincoln Park, referred to public utilities committee.

Matter of appointing playground commission, referred to the committee of the whole.

On recommendation of Mayor Otis, clean up days were designated as June 11 and 12.

Application for permission to bore a well in Alameda, within the building of Pacific Coast Box Company granted, with certain restrictions.

Application of Thomas H. B. Varney for hosting on bill board ordinance, which he declares prohibitory, referred to license committee.

Ordinance forbidding sale of skimmed milk in city, on request of Dairy-men's Association.

CHARTER CAMPAIGN DRAWING NEAR CLOSE

Certificate Subscriptions Will End Saturday Night; 93 Organizations Active.

Movement Will Reflect Public Sentiment in Administrative Reform.

The campaign of the Tax Association of Alameda county for the raising of the \$50,000 charter investigation fund by \$1 charter certificate subscriptions, which started May 20, is on the last stretch, closing Saturday night. The campaign was instituted for the sole purpose of securing the co-operation and support of

movement for their direct benefit, namely, for the employment of nationally known experts in municipal government to revise the work which the Tax Association had carried on for approximately two years through the employment of local experts and skilled accountants, on whose final reports and recommendations perfect confidence could be reposed for the framing of a model county charter which would operate for efficiency and economy. No considerable number of people, outside the public service to the plane of service in private and quasi public service organizations, realize the cost of government to an honest basis and reduce the tax-rate on property to a legitimate minimum.

AWAIT RESULTS.

The results of the campaign will show to what extent the public mind is prepared for such a movement, and will be a reflection of public sentiment. Administrative reform, in the interest of efficiency and economy, is, it cannot be denied, sweeping like a tidal wave all over the country, reaching out to every branch of governmental activity.

The campaign for the raising of the \$50,000 charter investigation fund, the Tax Association has had the co-operation of ninety-three organized bodies of citizens in Alameda county, and their representatives are serving as volunteer solicitors in the sale of the charter fund certificates throughout the county.

LIST OF ORGANIZATIONS.

Following is a list of the principal organizations working in Oakland:

Oakland Chamber of Commerce with its auxiliaries, Oakland's Merchant Exchange, Oakland Men Teachers' Club, Oakland Teachers' Club, International Alliance Theatrical Stage Employees, Book Club, Butchers' Exchange, School Teachers' Club of Oakland, Teachers' Century Club of Berkeley, East Piedmont Heights Improvement Club, Home Club, East Oakland Heights Improvement Club, Santa Fe Improvement Association, Rock Ridge Club, Vernon Rock Ridge Improvement Club, Park Boulevard Club, Ebell Society, Vernon Heights and Lake Shore Improvement Club, Highlands Street Improvement Club, Latham Terrace Improvement Club, Emeryville Improvement Club, Fruitvale Club, Fruitvale Drapers' Club, Fruitvale Woman's Improvement Club, Fruitvale Board of Trade, Elmhurst Club of Trade, Melrose Improvement Club and other organizations, and the neighboring east bay cities have been equally well represented. Over 800 volunteer solicitors have been actively working in the field since the campaign started.

WILL PROPOSE EXCISE TAXES

Tobacco Trust Decree Is the Subterfuge Says Attorney-General.

WASHINGTON, June 4.—Attorney-General McReynolds declared today that he had always regarded the final decree intended to dissolve the tobacco trust as an "obvious subterfuge and a miscarriage of justice" and if there were any proper and just way by which the decree could be evaded he would do it. As an immediate step he is considering proposing to Congress a graduated excise tax on tobacco manufacturers.

The attorney general said that while he had finally decided upon an investigation of the tobacco situation, with a view to possible further antitrust prosecution, he likewise had not reached a conclusion as to whether the decree of dissolution, which he regards as inadequate can be reopened. He indicated that he was favorably convinced that the decree was inappropriate with the demands of the occasion and declared there could be no real dissolution of a trust by distributing its stock among the same shareholders.

Regarding the Standard Oil situation, the attorney general said he was investigating the case, but that the results of the government's completed investigation of the workings of the dissolution decree, but had not yet decided whether action would be taken.

JURY SELECTED FOR HENWOOD MURDER TRIAL

DENVER, June 4.—A jury was selected today to try for the second time Harold F. Henwood, charged with the murder of George E. Copeland. The selection of a jury has taken almost two weeks.

Henwood is charged with having shot and killed Copeland while shooting at Sylvester L. Von Phul, whom he also killed, in the bar room of a local hotel. The quarrel is said to have been over Mrs. John W. Springer, a prominent society woman of the city, who is expected to take the stand for the defense.

LUCIUS H. FOOTE, PIONEER, PASSES

One-time Adjutant-General of California Ends Active Life.

SAN FRANCISCO, June 4.—Lucius Harwood Foote, formerly United States minister to Korea and one-time adjutant general of California, died at his home here today at the age of 81. Two years ago he was stricken with apoplexy, and had not left the house since.

General Foote entered the diplomatic service as consul at Valparaiso in 1875, became charge d'affaires, was sent on a special mission to Central America and in 1882 was appointed envoy extraordinary and minister plenipotentiary to Korea, a position he held until his resignation two years later.

During his occupancy of the legation at Seoul he negotiated the treaty by which Korea was admitted to the family of nations, and in the national revolt of 1893 against China, which then exercised a quasi protectorate over Korea, he rendered distinguished services in protecting Japanese and other foreigners that he received the thanks of the emperors of China and Japan and was given the freedom of the city of Tokyo.

General Foote was born in Winfield, New York, and crossed the plains to California in 1852. He was admitted to the bar in 1856 and became active in State politics, was elected municipal judge in Sacramento and later was appointed collector of the port of Sacramento.

General of the State in 1872, under Governor Booth.

In addition to his activities in public life, General Foote was the author of two volumes of poems, and since 1896 had been treasurer of the California Academy of Sciences. His funeral will be conducted by the Bohemian club of which he was an honorary life member.

ADVERTISES FOR ALL LOST BOYS

Novel Classified Advertisement of Father Who Wanted to Find His Lost Son.

Human interest and the cry of a hungry heart is shown in a father advertising for all lost boys to come to him. He knows the power of the little classified advertisement and brings its strength to his aid. Following is the story as told in a newspaper dispatch:

St. Louis, Mo.

Reward—All boys under age away from home without fathers and mothers' consent, should either return or write, giving full address and get such consent. Reward: "Honor thy father and thy mother that thy days may be long in the land, which the Lord, thy God, giveth thee."

Russell Wittenbach of Evansville, Ind., ordered the above unusual advertisement inserted in the St. Louis newspapers in the hope of attracting the attention of his missing son, Norwood Wittenbach. In a letter he says his object is to get his son's address.

"The Bible teaches us," he writes, "not to do anything through a selfish motive, so in order to reach my son I must be willing to help others find theirs. If you can help a distressed father find his son the Lord will bless you for your kindness."—Mail Order Journal.

LAUREATE MANTLE NOT YET BESTOWED

Question of Successor to Poet Alfred Austin Causes Discussion.

LONDON, June 4.—Whether the office of poet laureate should be perpetuated and who should succeed the late Alfred Austin is being warmly debated. Opinion seems to favor letting the honor lapse until a poet worthy of the mantle of Wordsworth and Tennyson appears.

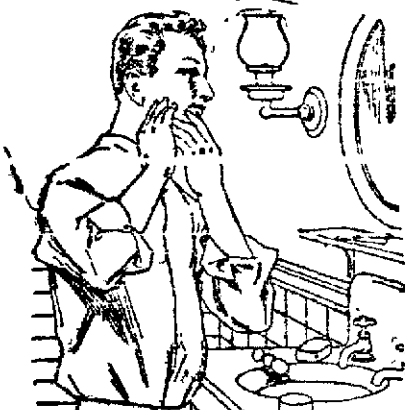

Kipling is most discussed, but the legend that he offended the royal family by a poem in which he called "Victoria" "the widow of Windsor" is thought to have put him out of the running. The entire nation's Socialist poems, it is expected, will handicap his chances. John Macfield, Henry John Newbolt, Alfred Noyes, William Butler Yeats, Stephen Phillips and Henry Austin Dobson are among those mentioned most prominently.

LYNCHERS CLAMOR FOR WOMAN'S ASSAILANT

N. Y. TO SUPPRESS END-SEAT HOGS

Mayor Suggests Ordinance Making Selfish Obstruction Punishable Offense.

NEW YORK, June 4.—The end-seat hog of the street car has engaged the attention of Mayor Gaynor. In a special message to the board of aldermen yesterday afternoon the mayor suggested the hog be made by law to surrender his choice post.

"The habit of all selfish people, especially if they be big and fat," reads the message, "is to take the end seat and stick there instead of moving along to the other end when more people get on the car. I would suggest that you consider passing an ordinance making this practice a misdemeanor. The selfishness and hog-headedness of some people is a disgrace to the city."

A resolution embodying the mayor's views was introduced and, amid considerable merriment, referred to a committee. It provides for a maximum punishment of six months imprisonment and \$100 fine for refusing to move along an end seat when requested to do so by a person boarding the car.

JAPANESE COMING HERE ARE SHOWN

Statistics Give Figures in Immigration and Departures From California.

SAN FRANCISCO, June 4.—The peak of Japanese immigration, as shown by the Statistical Abstract of the United States, compiled by the Bureau of Foreign and Domestic Commerce, and just received here, coincides with the surges of political feeling in California.

Thus, the highest number of arrivals in any one year was 20,225 in 1907, at the time of the agitation suppressed by President Roosevelt. Against 1912, first year for which the latest figures are available, the excess of arrivals over departure was 4,171, a greater number than for any year since 1905, when arrivals totaled 15,802, since 1905 the balance has been as follows: Arrivals, 1906, 19,000; 1907, 20,225; 1908, 18,000; 1909, 17,000; 1910, 16,000; 1911, 15,000; 1912, 14,000.

AMBASSADOR'S WIFE CHARGED WITH HOMICIDE

BRIDGEPORT, Conn., June 4.—Charged with homicide, Mrs. S. L. Woodford, wife of the former United States ambassador to Spain, was arrested today and placed under \$25,000 bonds, because the automobile she was learning to drive, ran down and killed William Starbucker, a laborer in Fairfield, near here. Mrs. Woodford and her chauffeur will be given a hearing June 9.

JORDAN CLAIMS HE HAS BEEN VICTIM OF INJUSTICE

Misrepresentation by Investigating Committee Is Charged.

SACRAMENTO, June 4.—Declaring that as a result of the recent investigation of his office, there has been much misrepresentation, partisanship and malice displayed, Secretary of State Frank C. Jordan has issued a formal statement giving "the facts."

Jordan notes as significant that the assembly officers omitted to include in the official report the fact that that body on May 10, refused to accept or adopt the report of the investigation committee. He charges that the Senate members waited until ten hours after the time fixed for adjournment since the die of the legislature, before voting upon the committee's report and then, with sixteen

which made no mention of his name, or office and which was presented to the assembly on June 3.

EXPECTED THE "WORST." "The committee was packed against me," declared Jordan, "from the moment of its appointment, I knew that the best I could expect was the worst. The committee, as constituted, was biased, prejudiced and partisan. During the investigation was unfair and unjust. Its report was not justified by the testimony."

Jordan continues that he has never returned, nor permitted any of his employees to retain a single dollar to which the state is entitled. He tells "that certain work" permitted to be done by which an employee of his office was able to earn in money in addition to her salary, saying:

TELLS OF EXTRA WORK. "What was this 'certain work' and how was it performed? The insurance companies insure automobiles. They claim it is essential that they should have the earliest information as to the number of license, the name and address of the purchaser, the make, number and horse power of the car. It has been the custom and practice to arrange with some one in the office of the secretary of state to obtain this information. What they obtain is not a 'copy' of the application for license, but data taken from it. Since the establishment of the motor vehicle department in 1907, this information has been furnished, generally by some one in the office, whom they employed, the work being done after office hours. It was not official work. During my administration the state has never lost a minute of service it was entitled to from the employees whom they hired to do this work. Under my predecessor, the superintendent of the motor vehicle department himself furnished this information from 1906 to January, 1911, and continued doing so for fifteen months after I assumed charge. This is the person deprived of making a record to whom the contractor claimed I had refused access to the records. He quit it because he claimed that it was no longer profitable."

KEPT MONEY, "YOU BET." Answering questions under oath, he said, "I used to furnish him." Q—"Did you get paid for it?" A—"Yes." Q—"Kept the money?" A—"You bet." Q—"Did not turn it over to the state?"

"No sir." Jordan declares also that while he was in the office of the secretary of state, a widow to do the work and accept pay for it, she has profited not more than \$3000, in twenty-seven months. The testimony doesn't justify, he says, the committee's statement that she received \$7500.

NO ACTION BY LEGISLATURE. "If the state desires its officials to do this kind of work," continues Jordan, "the legislature should so direct. This it has not done. That the investigating committee did not consider it of sufficient consequence to require and provide for it, is evidenced by its failure to recommend such legislation in its report."

Jordan continues that the doing of this "certain work" was a custom in vogue under his predecessor, that it prevails in other offices of the capital; that before the board of control, witnesses under oath testified as to this custom and practice in different offices.

Jordan protests that the investigation of his official conduct was not put further, that it had been put into his office and ascertain its condition, and whether the \$2,450,000 he had received had been properly accounted for.

CLAIMS INJUSTICE. "It did not do me justice—it was not frank and honest enough, to state that the miserable attempt to show that I had profited by the appointment of subordinates had failed."

Jordan says further: "A wish to have every citizen of this state read, in its entirety, the testimony taken before that body. I need no clearer vindication. That evidence shows that the report had no support and could only have been inspired by political motives."

Jordan touches also upon the conduct of his son, in Los Angeles, points out that he is not an employee of the state but acts in handling the motor registration, only in a semi-official capacity, and that any money he received for lists of automobile registrations was his own affair.

EARNINGS FOR THE STATE. In conclusion Jordan says that despite the increase of duties through new legislation his office force is less than in other years, though other offices have been given additional help; that through his personal efforts, without cost to the state, he has obtained additional help to assist in work with the result that this extra help through the recording of documents and making of certified copies, has earned for the state a total of \$5490.30, for which the state paid nothing, to say nothing of the good office work accomplished.

OPIUM CONGRESS TO RE-ASSEMBLE

Dr. Hamilton Wright Will Represent United States at Meeting.

WASHINGTON, June 4.—The International Opium Congress will re-assemble at the Hague July 1 next and Dr. Hamilton Wright, who will represent the United States, is taking up the question of his mission with President Wilson. The president has taken a deep personal interest in the opium traffic suppression, regarding it as one of the most striking and concrete examples of the efficacy of the commission method of dealing with great international questions.

Practically all of the nations of the world that have any possible concern in the opium traffic will be represented at the July gathering except Turkey.

Dr. Wright's mission is to represent the United States in the opium traffic suppression, regarding it as one of the most striking and concrete examples of the efficacy of the commission method of dealing with great international questions.

'FLUFFY' IS GONE; S. P. ON SEARCH

She Had One White Ear, Says Owner; Also Must Be Restored.

SAN FRANCISCO, June 4.—Walter Woodruff Jr. of Seattle has really lost his dog—it's no sporting-page joke this time—and he holds the Southern Pacific Railroad Company responsible. Master Woodruff has written a letter to the railroad which outlines the best efforts of any progressive governor in calling the octopus to account, and railroad sleuths, train dispatchers and station masters along 2000 miles of coast line are looking for a dog named Fluffy, "with one white ear."

Here is the dog's letter, which was received at the Southern Pacific office here yesterday:

The manager of the railroad Sir: You and your railroad ought to be shot for losing our dog Fluffy. It's our pet and you let her get away no one all the time I wish I was big enough to kick you. She has one white ear.

Walter Woodruff Jr. General Manager W. R. Scott immediately sent the following reply: Mr. Walter Woodruff Jr., Seattle, Wash.: Dear Sir: I was very sorry to learn of the loss of Fluffy, about which we have your letter. If there is anything I can do to get Fluffy back to you I will do it, as I have no desire to get "kicked."

Yell Defiance at Blood Disorders

A Remedy That Has Shown a Most Remarkable Purifying Effect.

The word medicine is one of the most abused in our language. There are certain medicinal properties just as necessary to health as the food we eat. Take, for example, the well-known food medicine, S. S. S. This famous blood purifier contains medicinal components just as vital and essential to healthy blood as the elements of wheat, corn, beef, the fats and the sugars that make up our daily ration.

As a matter of fact, there is one ingredient in S. S. S. which serves the active purpose of stimulating each cellular part of the body to the healthy and judicious selection of its own essential nutriment. That is why it regenerates the blood supply, why it has such a tremendous influence in overcoming eczema, rash, pimples, and all skin affections.

And in regenerating the tissues S. S. S. has a rapid and positive antiseptic effect upon all those irritating influences that cause rheumatism, sore throat, weak eyes, falling hair, loss of weight, thin, pale cheeks, and that weariness of muscle and nerve that is generally experienced as spring fever. Get a bottle of S. S. S. at any drug store, and in a few days you will not only feel bright and energetic, but you will be the picture of new life. S. S. S. is prepared only in the laboratory of The Swift Specific Co., 137 Swift Bldg., Atlanta, Ga., who maintain a very efficient Medical Department, where all who have any blood

April 1, 1911.
Mr. Alfred Uihlein
Schlitz Brewing Co.
Milwaukee, Wis.

Dear Sir: Answering your favor of recent date in regard to the influence of light on the quality of beer, will say that our observations, extending over the last twenty-five years, have convinced us beyond a doubt that exposure of beer to light has a very detrimental influence on its quality generally, but especially upon the flavor of the beer.

We have tested beers repeatedly in this direction placing the bottles into direct sunlight, and testing the same after one, two, three and five minutes exposure, found that the beer with three and five minutes exposure became undrinkable on account of the peculiar odor developed.

The detrimental effect of light upon beer can be successfully counteracted by the employment of brown or dark colored glass bottles, and such bottles are therefore recommendable.

Yours very truly,
RW/B

MAYOR IS NAMED UNDER CHARTER

Portland's First Executive Under New Plan Is Voted to Office.

PORTLAND, Ore., June 4.—H. R. Albee will be Portland's first mayor under the commission form of government adopted at the recent charter election. His election is conceded by A. G. Rushlight, incumbent. None of the other candidates for the mayoralty approached Albee and Rushlight in the number of votes received.

Besides voting for mayor, the electorate chose four commissioners and an auditor. The newly elected officers serve for four years, but are subject to recall. The mayor will draw a salary of \$6000, while the four commissioners draw \$5000 each. Nearly 80 candidates sought election as commissioners, and the vote is so close for the leaders in the race that it may be midnight tonight or later before the names of the successful candidates can be announced.

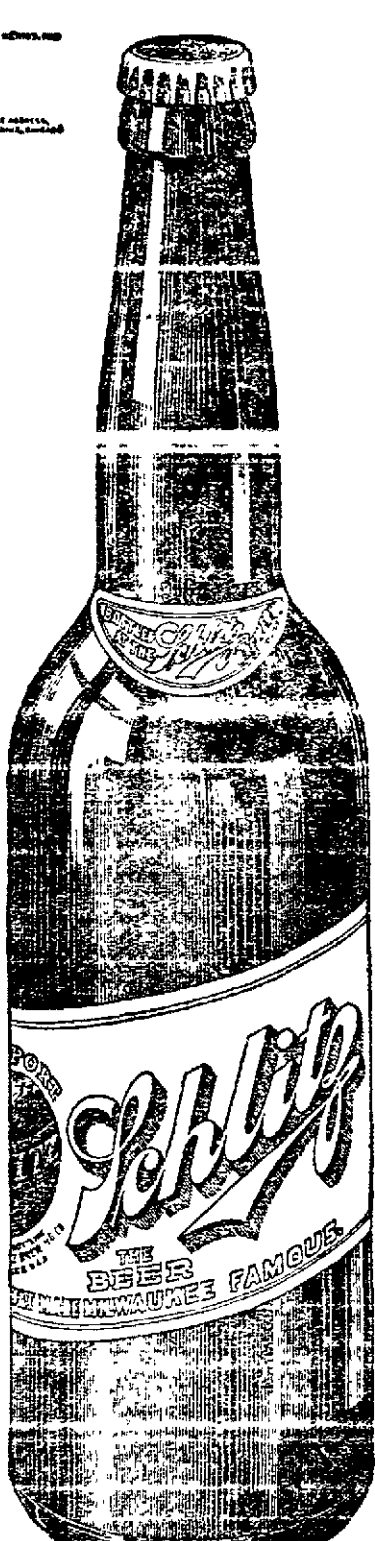

Yesterday's election brought out about 80 per cent of the registration of 75,000. The women voted heavily.

ARMS IMPORTED AND FOUND IN BELFAST

BELFAST, June 4.—Customs officers became suspicious yesterday of 12 large cases which arrived from Manchester vaguely addressed and were described as "electrical equipment." Customs officials opened the cases and found them full of rifles and bayonets. They then called in the police, who are now in charge of the consignment.

It is said that the cases contain about 2000 rifles of a modern foreign pattern. The address did not name any consignee. It was merely addressed "in order" to the fact that there was a consignee. It is said that the rifles were brought on the small steamer Helen, which was chartered at Belfast.

The general belief is that the Orange campaign against home rule is responsible for the arrival of the arms. Unionist leaders decline to talk, but the rank and file declare that the consignment is undoubtedly part of the equipment of loyalists, adding triumphantly that they could afford to lose a few hundred arms, as an enormous consignment has already

"Beer bottles should be manufactured from reddish-brown glass, inasmuch as same will to a much higher degree than any other kind of glass, minimize the influence of the rays of light on the quality of beer, and will protect the latter against acquiring the disagreeable taste (Sonnengeschmack) due to the chemical action of the light. **

"In white and green glass bottles the beer is most affected by the action of the light. Such bottles are, therefore, inappropriate and should never be employed by brewers." (Signed) Prof. Dr. F. Schonfeld.

"Bottles of strong glass should be selected. They should never be of colorless glass, inasmuch as through the influence of light the beer will not only take on a disagreeable odor and taste, but will also become turbid." (Linter.)

ALWAYS THE AMBITIOUS GIRL IS CHAINED BY POVERTY

By LAURA JEAN LIBBEY

[Copyright, 1913, by Laura Jean Libbey]

It is always the girl who is most ambitious that is tied down by the chains of poverty. While there may be some who do not seek to break their bondage there are others who will not be kept down but tug so persistently at their fetters that in time they are forced to give way.

The girl who faces genteel poverty realizes the uselessness of sitting down with folded hands—that there is but one avenue which promises relief from it and that is to get employment that she may earn money.

Where there are large families to be supported and each must do her share a girl cannot spend very much money on herself to enhance her personal appearance. Her dress must be of the cheapest material and her ornaments are out of the question. Her shoes cannot be trim, dainty and shining if they are the subject to much walking. She

every direction.

If she chances to choose as her companion girls who are better off than herself the situation is more painful than ludicrous if she strives to keep up with them. Her manners may be more taking than girls who are well off, but they are often more fortunate than she in marrying well because their parents have ever advantage toward smoothing a path to better themselves. They are not bound down by the same fetters as she is. They are of their own to which they can invite a young man. They have a dining room which is cleared before the table can be set. Last, but by no means least, the girl who is well to do can set forth such an appetizing dinner for a man that he is only too eager to call again and again.

The well to do girl takes advantage of the old saying, "The average man's heart can be reached through his stomach." If a young man calls on the genteel girl of poverty on an afternoon, though he may sit from noon till sundown, she is in deep agitation against asking him to remain for dinner. The girl grows more nervous as the hours fly by. She knows that there is nothing in the cupboard and no money to spare to send out and get anything. To her it is inexcusable that a man should sit until the dinner hour, eye and past it, subjecting her to poignant mortification and suffering. She can hardly keep the tears back from her eyes. Endeavoring to keep up the conversation with him becomes a matter of acute suffering to her.

It must be said that the average young man has no idea of her state of affairs. Her parlor looks so dim and cozy, she herself looks so charming, that he forgets the flight of time and is only brought to a realization of the hour by smelling the appetite of a savory dinner which is being prepared by the family below.

The daughter of genteel poverty encounters many a sorrow which other girls do not know. If she is to take a class in the Sunday school as her young women friends have done she often is brought to a realization of her poverty in many ways. If all the rest of the teachers are giving their class of girls a street car outing she cannot give her class one for the most sorrowful reason—she hasn't the money to go so.

But the girl of genteel poverty comes into her own at last. The right one finds in her a matrimonial prize. A man may safely realize that one will never make ducks and drakes of his earnings, but will help him accumulate and advance in the world.

IS IT THE GENTLEMAN'S PLACE?

Dear Miss Libbey, I am 13. I have had a little dispute with a friend of mine in regard to the following question. I would like to know whether it is the gentleman's place to thank the young lady after taking and escorting her home from a dance, or whether it is the young lady's place to do so? If the latter kindly write what is proper to say. Is it proper for a young lady after asking a gentleman to call and accept the invitation to ask him to call again or shall the gentleman ask the lady if he may call? Another question I want to ask is this. What do you think of a gentleman that will throw little insulting hints to a young lady when in her company and whom she has taken out several times and still asks her to take her out again? Kindly let me know of a nice name for a social club in Greek or French letters and kindly translate the meaning to English. DOROTHY

It is always courteous to acknowledge

LAURA JEAN LIBBEY.

with thanks kindnesses that have been extended. Just say simply: "Thank you for the pleasure you have given me this evening." The young lady usually extends the invitation to call. It is really optional. I would think very little of a girl who would accept the company of such a fellow a second time. "Dance" would be a beautiful name for a social club. "Dance" would be a beautiful name for a social club. "Dance" would be a beautiful name for a social club.

SCHOOL TEACHER OF 34. Dear Miss Libbey: I am a school teacher 34. A one-time pupil of 30 is in love with me. Now ought I to marry him? I am much better educated than he is and I fear he may only love my knowledge. Will he fall in love later with a beautiful young girl and leave me in the lurch? You once said folks often are in love with love. He is elegant looking and as he develops isn't it going to be a fact he will notice youth and beauty more than me? My folks oppose it, so do his. I'm awfully in love and long for a home, but I'm very plain and thin and look every day my years. I'm a real "old maid." He never has seen much of ladies' society, being a farmer. C. F.

Personally I think it better that the husband be older than the wife. There have been marriages where the age difference is as great as in your case that have turned out most happily. But the success of such a marriage would depend entirely on the couple being congenial. I think possibly you might be happy with him.

SHALL SHE GO TO TRAIN WITH HIM? Dear Miss Libbey: I am in love with a young man a year older than myself. I am 16. Should like to know if it is wrong to go to the train with him when he leaves for his home. Is it wrong to kiss this young man if we are not engaged? Would you advise me to go with any other young man while he is out of town? Y.

You are much too young to go about with boys. No, do not accompany him to the train or kiss him. A young girl makes a very serious mistake starting out in life allowing such familiarity. Don't do it if you want the young man to have any respect for you. Men only respect girls who respect themselves.

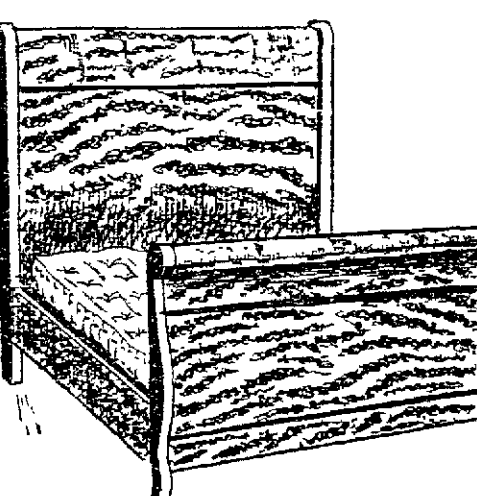

DON'T MISS IT!

If you have a home, why not make it cozy and comfortable? You must spend the greater part of your life in it and after all it is the only place you can go for recreation or rest. The surroundings of the home should be cheerful and pleasant. If they are not you ought to make them so.

CLAIMS SHE ISN'T POISON SUFFERER

Divorced Wife of Dr. Spaulding Is Expected to Recover.

SAN FRANCISCO, June 4.—Despite the declaration of Mrs. Agnes M. Spaulding, divorced wife of Dr. Otis Spaulding, surgeon on the Usher Chivo Maru, that she does not believe she took poison, the diagnosis opposite her name at the Central Emergency hospital is "bichloride of mercury poisoning."

Moreover, so certain were the surgeons that Mrs. Spaulding had made an attempt on her life that they administered drastic efforts when she was taken to the hospital.

Mrs. Spaulding is today at her apartment on Fillmore street, and claims to be little the worse for her experience. "I don't know what I may have said after I was taken to the hospital," said Mrs. Spaulding, "but I am almost sure that I did not take the poison. I have been taking some headache powders and it is possible that I have have swallowed some of the tablets instead. However, I am far from convinced of this. There was nothing to make me despondent."

The physicians do not believe that Mrs. Spaulding will succumb even if she did take the tablets.

ADOLPHUS BUSCH SENDS \$20,000 WEDDING GIFT

CHICAGO, June 4.—A check for \$20,000 in the wedding present of Adolphus Busch, the multimillionaire brewer of St. Louis, to his favorite granddaughter, Miss Lillian Magnus, who is to be married here tonight to Sydney L. Berg.

The check arrived at the home of the bride's parents several days ago in an envelope marked "not to be opened until Wednesday." But the bride could not suppress her curiosity yesterday, and after she had counted every one of the ciphers she hurried to tell her betrothed of her grandfather's generosity.

UNIVERSITY CONFERS DEGREE. NEW YORK, June 4.—New York University, at its annual commencement today, conferred the degree of doctor of divinity upon August Karl Reichbauer, professor of philosophy in Meiji Gakuin, Tokyo, Japan. The graduates numbered 615.

Today's Beauty Recipes

By Mme. D'Amille. "Now comes the time of year most trying to the complexion. Perspiration makes ordinary face powder look smeary and untidy. A splendid face lotion that is used in place of powder can be made as follows: Take a half pint of water, a package of mayonaise in a half pint of witch hazel. Mayonaise keeps the skin smooth, clear and satiny, and gives you a complexion of lilacs and roses. It prevents freckles, tan and sunburn. "Dandruff is the worst enemy of healthy hair. It attacks the roots and causes the hair to become dull, brittle and faded, and finally to fall out. Mother's shampoo will remove dandruff and leave the scalp perfectly clean and healthy. Its use makes the hair strong, lustrous and fluffy. "Summer lotions seem to make superfluous hair on face or forearms more noticeable. A safe, speedy and sure hair remover can be made by mixing a little to form a paste. Cover the hairy surface with this paste, leave on for two minutes, wipe off, wash the skin and the hairs will be gone."

J. C. WESTENBERG GOES TO PRISON

Surrenders Himself. But Will Seek Release on Habeas Corpus Writ.

J. C. Westenberg head of the California Federation for the Suppression of Vice, who was found guilty of criminally libelling Chief of Police Walter J. Petersen, surrendered himself to the police today on being notified that Judge W. H. Donahue had overruled his appeal for a new trial. Westenberg has been placed in a cell in the city prison pending an attempt to obtain his release on habeas corpus proceedings, as he will appeal from Judge Donahue's finding to the higher courts. Westenberg was sentenced to serve 60 days in the city prison by Judge Morimer Smith.

CHARTER CLUB MEETING.

ALAMEDA, June 4.—The executive committee of the Alameda charter club will meet this evening in the chamber of commerce headquarters. The compilation of a comprehensive charter chart will be the chief business undertaken. After this work is well along the members of the advisory board who are skilled charter makers but not members of the executive committee, will be asked to assist in framing a tentative charter.

NEWELL CALLED GREAT CALAMITY

Railroad Man Says Chief of Reclamation Has Been Dismal Failure.

ONTARIO, Or., June 4.—Louis W. Hill, a director of the Great Northern Railway, in an address at the Commercial Club banquet last night, made an attack on the federal reclamation service and on F. H. Newell, its director. Mr. Hill after explaining how he had seen hundreds of settlers on reclamation lands in Oregon waiting wearily for work on irrigation systems to be resumed, said that it was a disaster to the government and the people had no one to defend them. "The government owes the people it has invited to go on reclamation lands in Oregon a bonus, and I think it ought to be paid them. The reclamation service has been too slow. There is no hope of reform in this as long as men like Newell are at its head. Engineers employed by the service are as competent as any other engineers but they are not doing their work."

Mr. Hill cited as instances of Mr. Newell's alleged incompetency the Williamson reclamation project in North Dakota, and said he did not believe the service was serving 300 acres on this large tract with water this year. "Dismal failure," he said, had been made, at Fort Peck and Lower and Upper Milk River valleys in Montana.

been set back a generation. Newell has killed these countries and it is felt that he has been a national calamity."

QUELL AGITATION AGAINST BOYCOTT

Prominent Associations Working to Stop Foment Against California.

TOKIO, June 4.—Efforts are being made by Baron Ei-Ichi-Shibusawa, chairman of the Bankers' Association, Buel Nakano, chairman of the chamber of commerce and other prominent men to quell the agitation for the boycotting of California, both in connection with the Panama-Pacific Exposition and otherwise. The agitation has been fomented by some Tokyo merchants. Mr. Nakano is leading an agitation for the sending of the finest possible exhibits from Japan to the exposition in order to show the true state of Japan civilization. He also is arranging for a special meeting of Japanese chambers of commerce to combat the boycott idea. The Japanese government has not yet defined its attitude.

Aged, Wrinkled Faces Easily Rejuvenated

(From the Beauty Seeker.) An aged face is often only a mask to a comparatively youthful person. Beneath is a countenance young and fair to look upon. It's a simple matter to remove the mask. Ordinary mercerized wax, to be the worst surface skin, in a week or two the user has the loveliest pinky white complexion imaginable. An ounce of the wax usually is sufficient to complete the transformation. It is put on at night like cold cream and taken off in the morning with warm water. This "wax" treatment is invariably effective, no matter how muddy, sallow or discolored the complexion. Freckles, moth-patches, liver spots, pimples, blotches and other cutaneous blemishes, naturally vanish with the discarded skin. To remove wrinkles there is a recipe that cannot be too highly recommended: Powdered saffron, 1 oz., dissolved in 2-met hired a room with him at 130 Third street, and this morning when Kiranis awoke his money was gone, and with it a valued scarpin.

MAYOR DECLINES RAILROAD'S OFFER

Santa Fe Plan for a Municipal Highway Route Rejected by Richmond.

RICHMOND, June 4.—Mayor J. C. Owens today forwarded a letter to Acting General Manager I. L. Hibbard of the Santa Fe, with offices in Los Angeles, in which he states that it will be impossible for the city to accept the proposal made in a letter received yesterday from Hibbard that the right of way for the municipal highway between the municipal tunnel and docks on the outer harbor be moved from the proposed location in the plans prepared by Harbor Engineer P. A. Haviland a distance of 700 feet easterly.

Hibbard in his communication stated that if such changes were made in its plans by the city so that its highway would skirt the edge of the railroad's property, Ferry Point on the outer harbor it would not fight condemnation proceedings. Such a change would necessitate a second tunnel and great additional expense, which the city is not willing to stand, consequently the letter of Owens to the effect that the proposed route first outlined will be demanded by the municipality.

Hibbard in his letter to Owens claims that the route of the highway laid out by Haviland passes through land which the railroad company purchased for future wharf and yard extensions. He claims the location of a municipal wharf in front of a portion of this land will prevent these plans of the railroad from being carried out, although the proposed docks and wharves of the municipality will not be on railroad land. The highway as proposed would run through an open cut if moved easterly a tunnel would be necessary to reach wharf, while the wharf construction would be more expensive to reach a deep channel than at the point Haviland proposes to put the municipal docks.

Owens in his reply points out that the proposed wharves will not be on railroad property and that the city has a perfect right to that location. He also points out that a belt line railroad will be constructed to the wharf by the city and that by franchise agreements the Santa Fe can use this railroad and secure an easy access to the municipal wharves at a nominal rental as it could if the wharves belonged to it. He suggests that such an arrangement would be much more advantageous for the railroad company and less expensive than if it should build its own docks.

LATE NEWS FROM RICHMOND

RICHMOND'S MAYOR BIDS GOOD-BYE FOR RICHMOND

City Council Tenders Farewell to J. C. Owens on Eve of Departure.

RICHMOND, June 4.—It was an impressive scene last night at the meeting of the city council when the members of that body tendered to Mayor J. C. Owens their farewells on the eve of his departure for Washington in behalf of the Richmond harbor project, which meant also his withdrawal from the city council, as his term of office ends in July. Short but appropriate speeches were made by the members, who expressed deep

regret at the loss of a man of such energy and ability. Mayor Owens and all said they desired a time and opportunity later to more fittingly express their sentiments, unimpeded by routine municipal business.

Mayor Owens has served faithfully and well upon the city council, at all times giving his time and ability to the good of the city, and displaying an activity and hustling propensity which has often proved in good stead. He goes now on Friday next as a representative of the city to the national capital to make a showing for Richmond for a federal appropriation for a harbor project, along with 25 or 30 other live wire business men of this community, and with this important mission his connection with the city in an official capacity will cease for the present. His last wishes and highest esteem of the whole people of Richmond.

CONTROVERSY BETWEEN RICHMOND AND S. P.

RICHMOND, June 4.—City Engineer H. D. Chapman today notified the Southern Pacific Company that it is illegally occupying a portion of sixteenth street at its junction with Sunset avenue with the tracks of its local freight yards, and that these must be moved to the legal support will be forced to take legal steps to secure possession of land which has been fenced in and used as railroad property, but which rightfully belongs to the city.

The fact that the railroad company has been using the land for the past four years since its local freight yards were first established was brought to light with the survey by the city of the two streets on which the railroad property fronts and which are now being paved under a contract made for by a San Francisco contracting firm.

It was found by the engineering department of the city that a strip of the two streets 100 feet long and averaging about 10 feet in width had been fenced in as railroad property.

The city is now taking steps to land upon which the railroad tracks are now being paved under a contract made for by a San Francisco contracting firm.

Engineers for the railroad company have agreed to take the matter up at once and see that the railroad tracks are moved to the legal support of their proper boundaries. Careless survey of the original surveys is said to have been responsible for the mistake.

RICHMOND NOTES

RICHMOND, June 4.—The Santa Fe Railroad company is installing a private telephone exchange at the main depot here, with its own operator and the phones extending to all different departments. Manager Calvert of the telephone company is busy on the job and will have the railroad company connected up with its own private exchange in a few days.

The Richmond lodge of Druids, a strong and old fraternal organization here, will give a social party and dance in their hall on Standard avenue Saturday evening next and committees are now at work making arrangements.

A meeting of the Mendocino, the women's musical organization of the city, will be held tomorrow afternoon at the home of Mrs. E. H. Harlow, 509 Florida avenue, when a musical program will be rendered, the feature of which will be several selections on the clarinet by Miss Para Hunt, a prominent musician of the city.

A coroner's jury in the inquest held last evening by Coroner C. L. Abbott to investigate the death of the late M. C. Greening, who died suddenly several weeks ago, rendered a verdict of death from natural causes. It was composed of R. F. Pasch, P. Shea, R. McFadden, E. McDuff, Rev. Aubrey Wilson, W. J. Longeraugh, E. R. Pierce, P. F. Johnson, T. Ashley, A. W. Josselyn and C. L. Callin. Richmond Company, No. 13, Uniform Rank of the Knights of Pythias, will hold its first annual ball in the auditorium of the Pythian Castle on Fifth street Friday evening. Elaborate preparations have been made for the event by the committees in charge.

J. E. Thilbrock was elected last evening by Richmond local of the International Seafarers and Fishermen union as the delegate from the local body to the grand convention which convenes in Boston August 18. M. Yarbrough was elected as alternate. The meeting was concluded with a banquet.

The annual meeting of the Richmond Postoffice Building association was held last evening in the offices of Attorney T. H. DeLapp, when financial reports were received and the old board of directors was re-elected. Steps were taken to make necessary repairs to the building owned by the corporation which houses the central postoffice of the city.

Mrs. Ida Olds and Mrs. J. K. Thomas will leave tomorrow to attend the national convention of the Brotherhood of American Yeomen, which meets this month in Oklahoma City. Mrs. Olds is a district deputy and will be one of the five delegates from this State present at the national gathering.

Superintendent of Schools W. T. Helms of the local school department has been reappointed as a member of the county board of education, on which he has served for the past four years.

The new plant of the Sterling Picture company in the northern section of this city is now being equipped with machinery.

Monday, according to the officers of the company, it manufactures all kinds of snow cases.

\$30,000 Structure to Be Built on Principal Thoroughfare at Once.

RICHMOND, June 4.—Plans for a large reinforced concrete class A depot building to be erected here in place of the present wooden structure have been completed by the Southern Pacific Company and work on the new structure is to be commenced within the next six weeks, according to information received here today. The new structure will cost about

that have been made by the engineers for the railroad company who have had charge of the designing of the building, and the appropriation for the construction work has been allowed by the company.

Materials will be ordered and contracts for the work will be let shortly. The railroad company was last year petitioned by the Richmond Board of Trade to replace its old frame structure with wooden building and increased passenger and freight business since that time has made a larger and more modern building a necessity. The present depot building will be moved to another section of the local freight yards where it will be remodelled and used as a warehouse for the storage and handling of freight consigned to this city.

RICHMOND COUPLE TO WED IN JULY

RICHMOND, June 4.—A romance, with two prominent young people of this city as the principals, was disclosed yesterday when Miss Florence Flanagan, who has been chief stenographer in the offices of County Tax Collector M. W. Joest at Martinez, resigned her position to prepare for her approaching wedding, when she will become the bride of Joseph Eaton, assistant superintendent of the can factory of the Standard Oil refinery.

The definite date for the wedding has not yet been set, but it will occur the middle of July. Miss Flanagan is the daughter of Mrs. Teresa Flanagan and has been prominent in local club circles, being a member of the Pioneer Club and Richmond Lodge of Elks.

\$33,000 CONTRACT LET FOR RICHMOND STREETS

RICHMOND, June 4.—The grading of Cutting boulevard, one of the principal thoroughfares between the western waterfront and the eastern and outline sections of the city, from First street to Richmond avenue, a distance of over a mile, will be completed by the city, a local company, which was recently awarded the contract on its bid to do the work for \$33,000.

The company's dredger now engaged in filling work near Stockton will be brought here next week. It will be stationed in Cutting canal and a pipe line run along the boulevard through which sufficient dirt will be pumped from the channel of the canal to grade the reached of the street up to bring a fill of about four feet being necessary. Cutting boulevard is 110 feet in width.

Within a short time the Southern Pacific will be laying track for its electric interurban line along the boulevard and the improvement company has agreed to have all of the fill in so this work will not be delayed.

OAKLAND RUNAWAY BOYS FOUND IN RICHMOND

RICHMOND, June 4.—Three runaway boys, 12 and 14 years of age, were picked up last evening by Rev. Calfee, to whom they applied for a blanket to keep them warm. The boys were cared for by the minister and then taken by him over to the police station. The boys' parents were located and communicated with and arrived here today, taking the little lads with them back to their homes. The boys were Jessie Towner, Harry Lewis and Dolf Reed, all of Oakland.

Bungling Tariff Revision.

The United States exports meats, flour, grain, etc., and imports sugar. Some refined sugar is exported and similarly small quantities of grain and meat are imported. But, broadly speaking, our flour, grain and meat trade with foreign nations is an exporting trade, while our sugar trade, save in its domestic aspect, is an importing trade.

Yet the Democrats in the Senate propose to place a duty on flour, meats and grain. Such a duty will yield no revenue, but will tend to increase the cost of living without being of substantial benefit to the farmer. And then they propose to abolish the duty on foreign sugar. The sugar tax is not oppressive and yields a large revenue and at the same time protects an important home industry.

The proposed policy is not only inconsistent, but it is a contradiction of the policy of a tariff for revenue only. A tariff for buncombe, mixed with free trade where it will do the most harm, is to be substituted for a tariff revenue. There is to be protection where it is not needed and where it will not protect, and free trade where it will mean loss of revenue and fatal injury to domestic industry.

The amendments agreed to in committee by the Senate therefore make the Underwood bill worse than it was when it came from the House. They violate the free food program with promises that are empty to the producer and worthless to the consumer. The rankest absurdities of the present tariff are to be preserved for political expediency. Taxing flour and meat (which we import only to a limited extent) and abolishing the duty on sugar, which we import in large quantities, is so absurd in its contradiction as to be grotesque. It does not square with common sense any more than it does with the doctrine of tariff for revenue only, or with protection, or with the pledge to reduce the cost of living. It is handing a gold brick to the farmer and a stone to the consumer. But the committee recommendations will be hotly contested when they come before the Senate as a whole, and if they do not fail there, will probably be knocked out in conference.

Since the above was placed in type the duties on grain, flour, meats, livestock, etc., have been stricken out by command of President Wilson. The Senate dropped the idea of amending the bill the moment the President's order was received. It seems that the President is revising the tariff, not Congress. He carries his dictation so far as to order citizens not to talk to Congressmen about the tariff unless they talk in favor of the President's program. The new tariff law is to be strictly a Wilson measure.

"All flesh is grass" saith the Psalmist. The California paraphrase should be, all flesh is alfalfa. A food expert contends that alfalfa can be made an appetizing and nutritious breakfast food for humans. Cattle and hogs are now fattened on alfalfa, and the milk and butter we consume are largely products of alfalfa. Presently the children and grown-ups will be making their morning meal of the succulent herb. Before long hotel bills of fare may be expected to carry the legend "Alfalfa and Cream." Farmers who have tried it say green alfalfa is good for the table when cooked like spinach or beet tops. Irrigation and alfalfa promise to solve the problem of cheap living.

For a quarter of a century the city fought to regain possession of the Broadway wharf. Then it turned round and used the wharf for the shipment of garbage. A much needed commercial facility has been degraded to an ignoble use that poisons the atmosphere of the whole neighborhood. All the automobiles crossing the bay land at the foot of Broadway. On their arrival they are greeted with an odor that gives the city an evil reputation. The Broadway wharf should be put to better uses.

Wilson Favors Newspaper Men.

Newspaper men seem to be faring as well under Wilson's administration as they did under Roosevelt's. Secretary Daniels is a newspaper proprietor who worked up from the bottom of the profession, Secretary Lane was a newspaper man before he entered the legal profession, and Walter Page, Ambassador to England, is a publisher and magazine editor, and Richard L. Metcalfe, who has just been appointed Governor of the Panama Canal zone, was formerly an editorial writer on the Omaha World-Herald, and for several years past has been the active editorial head of Bryan's Commoner. Many minor appointments have been given to men engaged in newspaper work. Samuel Butler, Register of the Sacramento Land Office, was taken from the editorial desk of the Marysville Appeal, and Walter MacArthur, recently appointed Shipping Commissioner for the port of San Francisco, is editor of the Coast Seamen's Journal. Wilson is shrewd enough to perceive the advantage of gaining the good will of the newspaper workers, and he is evidently cultivating their favor. Formerly newspaper men—the actual workers—were given scant consideration when patronage was to be distributed; the prizes went to politicians. But that day has passed with the passage of the old "kick-and-thin party organ. As newspapers have become more independent in their attitude toward politics and politicians, the newspaper writer has become more of a factor in the moulding of public opinion. The press cannot be depended upon to stand for everything done in the party name or for every candidate who wears the party label. It is discerned that the periodical press wields a great influence with the masses, and no longer accepts the dictation of politicians and party bosses. The boot is on the other leg. Instead of giving orders to the newspapers holding in a general way to the principles of their party, the politicians cultivate the favor of the press and are extremely sensitive to newspaper criticism.

Open primaries and the decline of the party caucus has increased the power of the press and the importance of the newspaper workers. Roosevelt was the first President to grasp the full significance of the change. Wilson seems to have caught on with a keen perception of the possibilities that lie in newspaper favor.

Taft made a great mistake in practically ignoring newspapers and newspaper men. Nothing better illustrates his political ineptitude than his failure to recognize the value of the right kind of publicity. He was misunderstood and misrepresented because he failed to keep in touch with the men who make up the newspapers and talk to the people every day in the year. He was so ignorant in this respect that he even allowed certain members of his political family to flout newspapers and newspaper men with-

EVERY CLOUD HAS A SILVER LINING

—CHICAGO RECORD-HERALD

out distinction, and to alienate friends and turn pacific critics into violent enemies. His administration suffered because of the lack of tact displayed in dealing with the press in matters relating purely to the dissemination of news. Not because the newspapers intended to be unfair, but because animosity was needlessly aroused and animosity is prone to degenerate into unfairness.

Wilson is handling the publicity end of the political game more understandingly. His readiness to take newspaper men into his confidence inspires loyalty and good will, which count for a great deal. He recognizes that he is a creature of public opinion, and that popular sentiment is colored and directed, and to some extent formed, by what is printed in the newspapers. It makes a vast difference whether a story is told by a friendly or unfriendly narrator. It is the subtle quality called color that counts. Taft's administration was tinted up till the people could only see it through smoked glasses.

Yet Mr. Taft was a good President and a sincere, well-meaning man. He blundered in the diplomacy of politics, and dismally failed to impress the masses with the soundness of his policies and the integrity of his purpose. The press was Roosevelt's trumpet of fame. It was a quiver of poisoned darts for Taft. The difference was only a matter of finesse, possibly temperament. But it was the difference between tremendous success, measured by popularity, and overwhelming defeat.

Senator Shanahan, the Tall Sycamore of Shasta, is in Washington looking for a Federal appointment. It is said that he has been irregular in his party affiliations. So he has, but so have the great majority of California Democrats. The habit of wabbling has been pretty general out here. Senator Shanahan went off huckleberrying with the People's Party, as did many of his Bourbon friends, but it seems he made the mistake of punctuating his apostasy by delivering a valedictory in the shape of a scathing philippic against the party of Jefferson and Jackson, calling it rotten and crooked and such other names of obprobrium which his long association with it seemed to justify. But we believe he always supported Bryan, and is regular in his irregularity. But apostasy has been so common with the Democrats of this State that it is difficult to see the justice of making an example of Shanahan. Shall not the fatted calf be killed for the returned prodigal, despite the kicking of the elder son who stayed at home and worked the farm when the harvest was bad and the price of stuff too low to pay a profit? If President Wilson is truly in favor of reform he will give Shanahan a job. No other proof is necessary. Give him the mint and all that is in it, and the whole State will rejoice. Even Mount Shasta will bow in acknowledgement, and a thunderous acclaim will go ringing through the gorge of the upper Sacramento. The Money Devil will never get a look-in if Shanahan be given charge of the minting.

MORE WOMEN THAN MEN

A European statistician has advanced his theory in explanation of the fact that in almost all civilized countries the women outnumber the men. The usual explanation is that there are more girl babies born and that by reason of wars and the harder usages of life to which men are subjected, their numbers are lessened. The statistician aforesaid accounts for the discrepancy in another way, as we find reported by the New York Tribune. He finds that from the third to the fifteenth year the mortality for both sexes is the same, from the fifteenth to the nineteenth year, the critical age for girls, the girls' chances are slightly better than the boys'; from the thirtieth to the thirty-fifth the mortality among women is smaller than among men, and it continues smaller until a half the sexes once more have the same chance of survival, but above 55 years of age the woman stands a much better chance than the man. To account for this difference it is pointed out that woman has greater resilience in shaking off diseases than man. It is true that the physical strength of man is greater than woman's, but a woman's power of endurance is more robust. One reason for this is that women possess a finer perception of her power of endurance than a man, and when her perception warns her of fatigue, she stops. A man does not stop until his power is exhausted. His nervous system is not as finely organized as a woman's, and as Mosso, the Italian physiologist, has pointed out, men and women are entirely dependent upon their nerves for caution not to over exert. While it is true that women more easily contract many diseases, than men, they overcome them more easily.

James G. Mower, a graduate of an agricultural college in this country, has so successfully introduced American corn growing methods in Bessarabia that for the first time in history corn has been out and sowed according to methods employed here, while the land was plowed for the next crop with an American tractor. As a result of his efforts the Russian corn crop of last year was organized into corn clubs and the peasants are receiving their first lessons in real farming.

WILL EDUCATE IMMIGRANTS

Civic Center Takes Up Broad Problem of Improving Minds of Foreigners.

SAN LEANDRO, June 4.—San Leandro Civic Center decided at a largely attended meeting last night to tackle the problem of educating immigrants and to quote housing for the emigrants, who come from foreign countries to this district.

The enthusiastic are the members of the Center over their scheme for the enlightenment of the poorer class of emigrants that they will forgo the annual vacation of the Center this year. Instead, as is their usual custom, the Center will continue its good work through the summer.

Just what steps will be taken by the Center in this direction has not been decided. Mrs. C. A. McLaughlin, one of the officers of the Center, who acts as San Leandro's representative to the Alameda County Board, stated this morning that the Center has decided to raise the standard of education among the emigrants many of whom stood in great need of enlightenment on many subjects. Hundreds of these emigrants, many of them adults, come to this district from foreign countries every year, and to see that they received proper accommodation and education.

The following officers of the Civic Center will engage in the work of securing better education and housing for the emigrants: President, Mrs. V. A. Brown; vice-president, Mrs. J. J. Wagner; recording secretary, Mrs. A. B. Carr; corresponding secretary, Mrs. J. W. Dignam; treasurer, Mrs. C. A. Perry; representative to the Alameda County Board, Mrs. C. A. McLaughlin. The local Civic Center is a flourishing organization with a membership of sixty and is fully equipped to handle the educational campaign.

ALL SAINTS WILL HOLD BIG PICNIC

Committees Appointed for the Church Benefit Planned for July 4.

HAYWARD, June 4.—A picnic will be held at San Lorenzo Grove, July 4, for the benefit of All Saints' church. Committees in charge of the outing were appointed at a meeting at All Saints' rectory. S. P. INCREASES TRAIN SERVICES

Adds New Runs and More Through Trains in New Time Table.

Eight new trains and additional through service on present schedules, together with better time and closer connections, are provided by the new timetable of the Southern Pacific Company, effective Sunday, June 8.

A new train will run between San Francisco and Calistoga, leaving San Francisco at 8 a. m. and reaching the other terminal at 1:15 p. m. Returning, it will leave Calistoga at 1:30 p. m. and reach San Francisco at 4:10 p. m. This service is daily, and in addition to the present one, and is for tourists to Lake County resorts. It allows time for lunch at Calistoga before taking stages.

A local making all intermediate stops will be put on between San Francisco and Avon and Martinez. Leaving San Francisco daily at 5:20 p. m., it will reach Avon at 7:20 p. m., returning thence at 7:30 p. m., and reaching San Francisco at 10 p. m. This train is intended to accommodate shoppers and business men who wish to spend the day in San Francisco and return home the same evening.

San Leandro Gun Club will take place at the club grounds at Hunter's Inn next Sunday.

SAN LEANDRO, June 4.—The second annual cherry shoot of the San Leandro Gun Club will take place at the club grounds at Hunter's Inn next Sunday. President Daniel Best and the committee of arrangements are preparing to give the visitors a "good time" and there will be abundance of free cherries for all as well as boxes of candies for the winning marksmen. One of the eleven shooting events will be a "grat shoot." The shooting will commence in the morning.

WILL PROTEST AGAINST PROPOSED IMPROVEMENT

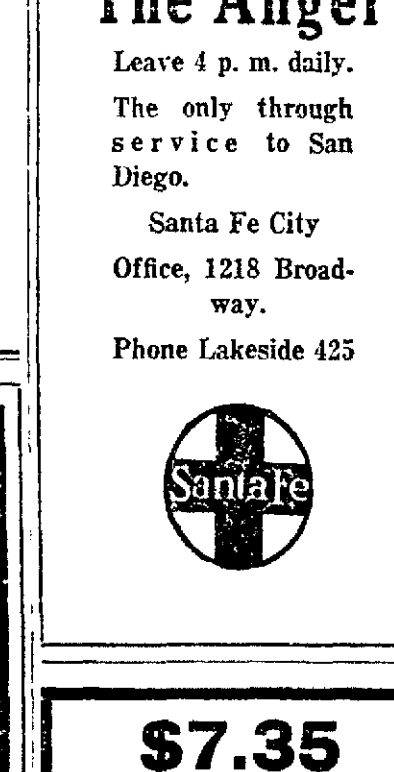

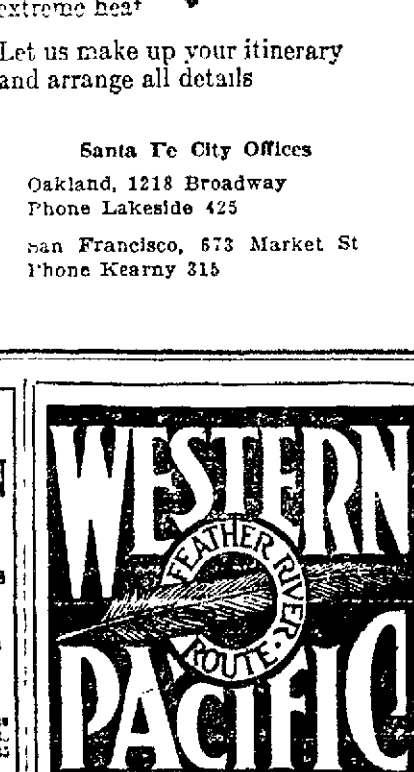

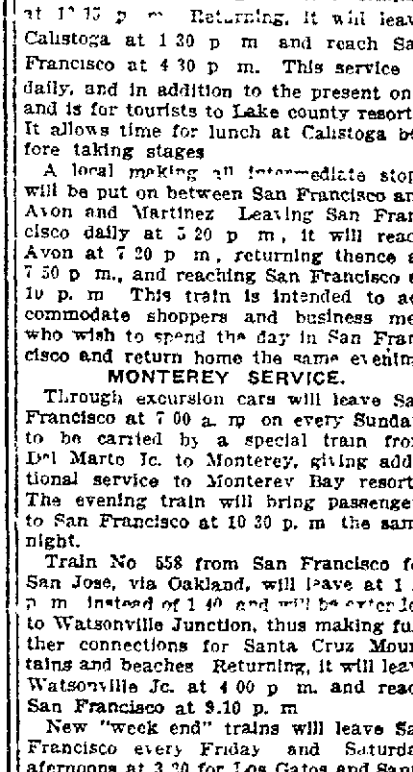

Number of residents against the scheme of street improvement undertaken by the board of trustees will be heard at a meeting of the board this evening.

HAYWARD, June 4.—The protest by a number of residents against the scheme of street improvement undertaken by the board of trustees will be heard at a meeting of the board this evening. Residents in Upper B and C streets where it is proposed to lay down asphalt, are against this improvement, contending that the time is not yet ripe for any step of this kind. A full house is expected at tonight's meeting to hear the protesters make a formal complaint against the street work.

WOMEN WIN AS PLAYWRIGHTS

Two Productions to Be Seen on the Stage of Local Theater.

The dramatic section of the California Writers' Club, of which Herbert Bashford is curator, has closed a half year's work with a play-writing contest, with an output of sixteen one-act sketches. Those winning first and second recognition were: "Peaches and—", by Mrs. Torrey Connor, and "Undercurrents", by Mrs. S. Montgomery Lissitz.

There is to be a dramatic season of local playwrights' sketches at the Pantheaters theater, beginning next Sunday with these winning plays. On the first nights the California Writers' Club and friends to the number of 155 will attend.

Other productions by members of the section are: "The Californian", by Mrs. Hasset, produced at the Park Theater, Alameda, and "The Happy-go-Lucky", played before the Sequoia Club; "The Soldier's Wife", by Mrs. Julia B. Foster, which was a feature of the Writers' Club jinks; "Between Two Women", played at various club affairs; "Cinder", produced at the Adelphi Club and "Tom's Baby", played by the Readers' Club; "The Re-Capturing of Clinton", by Miss Zoe Ackerman, ably presented by a cast of clever amateurs at the Beall Club; "Cordelia's Choice", by Mrs. Charles Rowe, given by the Beall Club; "The Simple Life", a writer's collaboration by Miss Jean McMillan, and produced by the Readers' Club, and a capella, published by the Ladies' Home Journal; "The Scare", by Mrs. Torrey Connor, presented by the dramatic section of the Adelphi Club.

INDORSES PLAN FOR WATERFRONT

Merchants' Exchange Takes Action on Colonel Rees' Project.

The Merchants' Exchange of Oakland, at last night's meeting, definitely approved Colonel Rees' greater Oakland waterfront project and unanimously adopted the following resolution:

"Resolved, By the Merchants' Exchange of Oakland, that we endorse the plan for the improvement of the harbor of the city on the east shore of San Francisco Bay, as proposed by Colonel Thomas H. Rees of the corps of United States Army engineers."

This resolution will be presented at the adjourned meeting of the Oakland Chamber of Commerce tomorrow afternoon, at which Colonel Rees' plans will come up for consideration with a view to the taking of some definite concerted action.

Director Theodore Gier called the attention of the members present to the recklessness of automobile drivers and riders of motorcycles, causing the recent serious injury to a friend of his as an illustration of the constant danger threatening the public in the most crowded streets and boulevards of the city.

MEASURES SOUGHT.

In accord with the protest of Director Gier, he was appointed chairman of a special committee consisting of H. M. Gard, C. J. Sloat, W. E. Gibson and Secretary Wilbur Walker to request the police commissioners to take emergency measures to abate the noise-making pedestrians and adequately punish offenders against the public safety.

A committee from the order of Foresters, consisting of E. C. Colton, J. Paletti and W. L. Kightlinger, asked the cooperation of the Exchange in the celebration of the birthday of the order, to be held under the auspices of the order from June 30 to July 5. The visiting Foresters were assured of the cordial sympathy of the Exchange in the projected festivities.

DR. R. B. SMITH TO BE TRIED AS TO SANITY

SAN FRANCISCO, June 4.—Dr. R. B. Brenner Smith, the veteran physician who stands charged with insanity, will have his trial before Superior Judge Richards of San Jose in the Sessions Court No. 2 tomorrow. Judge Meigs, who declined to commit Dr. Smith to an asylum on Monday, notified the detention hospital of the transfer of the case this morning. The charge against Dr. Smith was preferred by Lincoln E. Savage, who declares that the lives of himself and his family are endangered by Dr. Smith being at liberty.

The physician escaped from the detention hospital last Saturday, and, according to Savage, becomes insane only every other year while the flowers are in bloom.

WALNUT CREEK WANTS A DIRECT TELEPHONE

Secretary A. A. Denison of the Oakland Chamber of Commerce visited Walnut Creek yesterday for the purpose of conferring with a number of prominent Contra Costa county merchants in relation to their oft expressed desire for a direct telephone service between Walnut Creek and Oakland. The present service is said to be inadequate to the rapidly increasing volume of business between the two cities, and in the opinion of Secretary Denison the growing development of the commercial and industrial activities of Contra Costa county point to that section as one of Oakland's principal natural tributaries, with which direct and efficient telephone connection is a prime necessity.

STRIKE STOPS CITY HALL WORK

Marble Finishers Demand Cash Wage Instead of Employees' Checks.

Trouble over the payment of marble workers on the new city hall by check rather than cash resulted in a score of the employees of Mesto Son Keenan Company of San Francisco walking out when their pay was offered in check. The work of the marble finishing has been discontinued. According to Superintendent C. F. Ashley, it is probable that a settlement will be reached between the men and the city hall contractors by tomorrow. The men claim that it is a hardship for them to be forced to wait until they can go to the bank to have their checks cashed. About 30 per cent of the marble work on the city hall has already been completed.

MAKES ARGUMENT FOR COMBINATION

Individual Concerns Find the Expense Too Heavy, Says Roberts.

NEW YORK, June 4.—Percival Roberts Jr., former president of the American Bridge Company and a director of the United States Steel Corporation, testified today in the government's suit to dissolve the corporation. He described the evolution in making iron and steel during the last 30 years, saying that with the introduction of basic and open hearth steel, plants had to be rebuilt and individual concerns found that they had not sufficient capital to make the manufacture of steel commercially profitable without combining.

"These evolutions were the fundamental reasons for all the combinations of steel concerns between 1895 and 1900," he said.

SEEK TO RETAIN PARDONING POWER

PHOENIX, Ariz., June 4.—Referendum petitions directed against that section of the recently enacted penal code which would deprive the Governor of the power to pardon or reprieve were placed in circulation today in various parts of the state. Only 1100 signatures are required to suspend the operation of the code until the people can have an opportunity to vote upon it in November, 1914, and it is expected that this number will be quickly obtained.

The bill enacting the code was fought by Governor Hunt because of the proviso that the pardoning and reprieving power should be vested in a board instead of the executive. He vetoed the measure, but it was passed over the veto in the last days of the recent session of the legislature.

MECALF NOT TO BE ZONE GOVERNOR

WASHINGTON, June 4.—Secretary Garrison declared today that the selection of Richard L. Metcalf of Lincoln, Neb., to be a member of the Panama Canal Commission in charge of the civil administration did not mean that he was to be governor of the zone when the permanent establishment was created. Secretary Garrison declared Metcalf was simply to replace Maurice H. Thatcher as one of the members of the commission, whose duties are prescribed by the chairman, Colonel Goethals.

BLACKMAIL

Defendant Atteaux Says That Strikers Tried to Collect Blood Money.

Attorney for Defense Outlines Case of American Wool Officials.

BOSTON, June 4.—The defense of Frederick D. Atteaux in the dynamite conspiracy trial alleges that the dye manufacturer was the victim of attempted blackmail by John J. Breen, who has confessed to "planting" dynamite in Lawrence, Mass., and throw suspicion of contemplated violence upon textile strikers.

Atteaux today, in outlining his case, said that it would be shown that on the night of January 18, 1912, Atteaux was called on the telephone at his residence by Asa Korby, a Syrian of Lawrence, who had been asked by the defendant to study and report on strike conditions in his city.

Korby said that a man named Breen, who had done splendid work in advising the strikers to refrain from violence in his place and would like to talk with Atteaux. Breen and Atteaux then exchanged pleasantries.

The next day Breen came to Boston, met Atteaux for the first time and asked him to have the American Woolen Company officials telephone to the mayor of Lawrence advising that dynamite stored in the city yard be removed to a place of safety. Atteaux did so.

BLACKMAIL FAILED.

The following day Breen came to Atteaux's office and at Breen's request Atteaux summoned the late Ernest Pittman, who, according to witnesses for the state, furnished the dynamite from the woolen company offices. After Pittman arrived Atteaux retired, leaving Breen and Pittman together.

Atteaux never saw Breen again until some time in March when they met by accident at the corner of Washington and Franklin streets, the spot at which Breen has testified Atteaux paid him for "planting" the explosive.

The theory said it would be shown that after the child had been instituted against Breen by the persons who were arrested when the "planted" dynamite was found on their premises, Breen sought to get \$13,000 from Atteaux. When he was refused he resorted to blackmail.

RACE TANGLE IS QUEER PUZZLE

Status of Filipino and Indian Is Being Carefully Examined.

Edna Hill, a pretty widow, and Thomas Gadesa, a Filipino, were refused a marriage license this morning by Deputy County Clerk A. C. Cunha pending an investigation into the statutes by Deputy District Attorney Walter J. Burpee. The couple came from San Francisco, where they both reside. The would-be groom conducts a candy store at 537 Montgomery street and the young woman lives at 635 Broadway.

Gadesa gave his age as 27 years and stated that he was a native of Luzon. Edna Hill stated that she was a native of Oklahoma, 21 years of age, and that her grandfather was a Cree Indian and her grandmother a German. Her father's name is Hugh W. Russell and her mother was formerly Anna Gansley of Tennessee.

Whether or not the young woman is a descendant of the Caucasian race is a matter that the district attorney is endeavoring to decide, also as to the status of Gadesa. The statutes provide that a license shall not be issued to a Mongolian, negro or mulatto to marry a Caucasian in this state.

ADAMS SEEKING PRATHER ESTATE

Probate of Will of the Late Capitalist Postponed for Two Weeks.

While Edson Adams, capitalist, continues his search for missing assets of the estate of his late brother-in-law, Thomas Prather, the matter of probating the will was continued for two weeks when the case was called before Superior Judge Ogden this morning. An inventory of the property is now being compiled, and until that is completed Adams, who is acting as special administrator is unable to tell the extent of the estate.

On the understanding that on his death he would bequeath it to the children of Adams, Prather inherited the \$250,000 estate of the only sister of Adams, when he married, Adams, in accordance with this agreement, and the will as filed, became an administrator, and after a month announced that many of the supposed assets of the estate were missing.

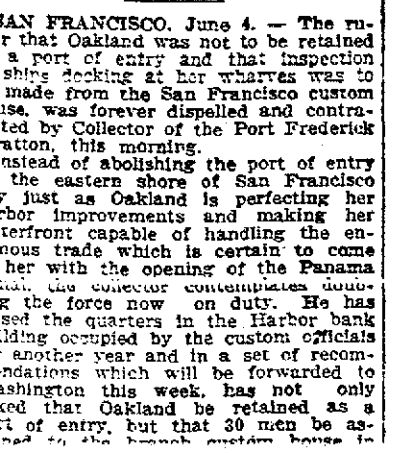

Friends of Prather asserting that he had transferred many portions of the estate to his relatives, and bequeathed the remainder, with many obligations, on the children of Adams. In view of these statements, Adams instituted a search.

WESTERN FUEL COMPANY MINE BEING DISMANTLED

NAMING, B. C., June 4.—The Western Fuel Company is expected to complete Saturday the work of removing all machinery from the mine workings and dismantling of the inner workings and allowing the mine filled with water. This does not necessarily mean, it is said, that the company intends to abandon the works altogether, but is taken as an indication that it is preparing for the continuance of the labor trouble which brought mining operations to a halt in

The children of St. Francis de Sales school will be hosts to their parents and friends at a bazaar and ice cream festival in the school tomorrow afternoon and evening.

The children will be assisted by many of the ladies of the parish. Prominent among the children who will entertain are Bessie Corley and Joseph Coakley.

GAS WORKERS TO REED AGREEMENT

May Not Go Out on Strike With the Electrical Employees.

SAN FRANCISCO, June 4.—That the gas workers must abide by existing agreements with the Pacific Gas and Electric Company, and may not go out on strike, was the message of the Light and Power Council, which was the judgment of the American Federation of Labor. The decision was announced last night by Secretary Herbert Richter, who had letters and telegrams from the East telling of the decision.

The Gas and Water Workers' Union executive board at once rescinded a resolution calling for a meeting to consider the matter. There are nearly 700 gas workers in San Francisco and they are considered the key to the local situation.

The steam engineers will consider whether or not to go on strike.

A telegram from Secretary Frank Morrison of the federation to the gas workers is as follows:

"The American Federation of Labor requires local unions to abide by all provisions of an agreement which they have entered into. We are sure why the San Francisco Labor Council requests Gas and Water Workers' Union No. 2640 to go on sympathetic strike. Is agreement dated January, 1911, still in effect? Wire immediately."

The officers of the Gas and Water Workers' Union last night answered by wire the question of Secretary Morrison, stating that the agreement of January, 1911, had been renewed on March 1, 1912, and that its conditions were satisfactory to the members of the Gas and Water Workers' Union.

TRESTLE BURNED BY LIGHTNING

Thunderbolt Nearly Wrecks a Railroad Bridge Near Elmore Station.

REDDING, June 4.—The wooden trestle leading up to the steel bridge across the Sacramento river at Elmore, seven miles north of Klamath, was struck by lightning last night and badly damaged. A south bound extra freight, rounding a curve at 2 o'clock this morning, discovered the trestle in flames and was able to come to a stop barely in time.

Two sections of the trestle are seriously weakened and it has been necessary to hold north bound passenger No. 14 and No. 16 at Red Bluff and South bound train No. 15 at Delta.

'I'M THROUGH WITH MOORE'

Mrs. Mesow Says She May Seek Damages From the Injured Man.

"I am through with Mr. Moore forever, but shall demand an explanation from him of his treatment," declared Mrs. Hannah Mesow, who today threatened to sue Ernest W. Moore as a result of his alleged engagement to her and the sensational developments following his plunge over a cliff in his auto last week. Mrs. Mesow declares that she was engaged to the undertaker, that he had often promised to marry her.

J. F. COSBY AND BRIDE SAIL FOR AUSTRALIA

SAN FRANCISCO, June 4.—James F. Cosby and his bride, Vera Lindstrom Cosby, sailed on the steamer Sonoma yesterday for Australia. They were accompanied by their parents, Mrs. Cosby's sister, and brother-in-law of the bride, as far as Sydney, where Phillips and Cosby will engage in the automobile business.

The only regrets of the parents of the young couple, Dr. and Mrs. A. O. Lindstrom and Mrs. Cosby, the bride's mother, was that they were unable to be present at the ceremony and all objections to the union were laid aside.

GOES EAST TO ATTEND FUNERAL OF MOTHER

F. C. Ruthrauff returned to his home in the East to attend the funeral of his mother, Mrs. John Ruthrauff of Findlay, Ohio, a daughter of the late Rev. David Gray, a pioneer Methodist minister of this city.

Mrs. Ruthrauff had celebrated the fifty-fifth anniversary of her wedding to her father, John Ruthrauff, at the home of the late Dr. J. C. Stubbs, former traffic director of the Harriman lines, and of Dr. J. E. Stubbs of the University of Nevada at Reno.

50 DELEGATES MEET TO ADJUST OTTOMAN DEBT

PARIS, June 4.—Fifty delegates of the great European powers and of the Balkan states met at the French foreign office today to settle the financial questions arising out of the recent war in Turkey, especially to determine what portion of the Ottoman debt must be taken over by the Balkan allies. They also will consider deliberations probably will last a considerable time.

Stephen Pichon, the French foreign minister, presided at today's meeting.

HEART CHANGES; SUED FOR \$20,000

Marin Dairyman Made Defendant in Suit by Alameda Girl.

ALAMEDA, June 4.—Miss Emma H. Martella of 1511 Oak street filed suit yesterday afternoon in Marin county against Arnold E. Reinhold, a Marin county dairyman, for \$20,000 damages for alleged breach of promise.

The action followed a letter Reinhold wrote to Miss Martella from his home in Marin county, in which he said his heart affections had changed, and that he now loved another. He proposed to remain on friendly terms with her. The new sweetheart of Reinhold is said to be a Miss Fessler of San Francisco, who is teaching in Marin county, and who boards at the home of Reinhold's parents. Earlier supposed affection apparently faded when proximity developed.

Miss Martella is the daughter of Mrs. Adeline Martella of this city. The young woman and her mother came to Alameda seven years ago from Marin county. They have a country home at Inverness, where they spend their spring and summer. The heart of Reinhold is said to be a Miss Fessler of San Francisco, who is teaching in Marin county, and who boards at the home of Reinhold's parents. Earlier supposed affection apparently faded when proximity developed.

SENATE REDUCES TARIFF SCHEDULES

Revision by Upper House Has Been Downward, Is Report.

WASHINGTON, June 4.—Contrary to expectation and precedent, the tariff bill when it comes from the Democratic majority of the Senate, promises to carry lower rates than when it passed the House.

Finance subcommittees are nearly through with their prolonged task of re-adjusting schedules and members are unanimous in their statements that the margin of readjustment has been downward. Some increases in the rates on cotton yarn and more expensive textile fabrics, such as tapestries, have been agreed upon, but in the chemical, metal, agricultural and sundries schedules practically all the revision has been for decreases and the free list will be considerably enlarged. All the subcommittees expect to finish their work this week and it may be possible to submit the bill to the Democratic caucus before June 14.

RAILROAD TO EXTEND LINES

Western Pacific Plans Extensions Into California Fruit Belt.

The Western Pacific railway will shortly be extended to reach San Jose, the heart of the Santa Clara valley; Twin Falls, Idaho, the heart of a coal, mineral and timber belt; and Boise City, the later extension heading off the often discussed line from Boise to San Francisco.

The proposed extension of the Western Pacific from Niles to San Jose is but a preliminary step to the company's encroachment upon the heart of the San Joaquin valley, the Santa Fe and the Southern Pacific.

With the extension to Boise City the company intends to head off the proposed building of a line between this city and Boise City. By the extension to Twin Falls, Idaho, it expects to take over a large freight business in timber and ore.

By the extension to San Jose it expects to compete with the Santa Fe and Southern Pacific for the fruit belt traffic. The San Jose extension being only preliminary to the encroachment upon San Joaquin territory.

FARMERS URGED TO FIGHT HOPPERS

State Horticulturist Cook Departs From Capital With Fingal Injunctions.

SACRAMENTO, June 4.—Repeating his injunction to the farmers to take every possible precaution against the invasion of grasshoppers, State Horticulturist Commissioner Cook left today for San Francisco on official business. No further notice of a spread of the pest came to the bureau today.

An investigation of the damage done yesterday to the 20-acre orchard of Herbert Shear in Sacramento county revealed the fact that the young trees have been completely defoliated and the orchard rendered practically worthless.

Notices have been sent out to every farming and fruit growing district in the state in which the grasshoppers have appeared, for the farmers to fight the "hoppers" with fire and poison or to utilize the "hopper dozer" and scrape them up from the fields and orchards into the kerosene-soaked scoops.

SOCIAL WORKERS HEAR DOCTORS

Work in Campaign Against the White Plague Discussed by Physicians.

The fight against tuberculosis was described before the social workers of Alameda county yesterday at their regular weekly luncheon on Capitol roof garden, when Dr. Edward Von Adelung, one of the founders of the organization for the study and prevention of the great white plague, Dr. A. S. Kelly of the board of education and Dr. Florence Sylvester spoke on the subject. Dr. Von Adelung spoke on the relation of social work to tuberculosis and of the means taken to fight the disease. He also spoke of the aid the social workers can give the anti-tuberculosis society. Dr. Sylvester told of clinic work. Dr. Kelly regular that Governor Johnson had appointed to pass three measures framed to aid in the consumption fight.

Marriage, Birth and Death Notices

Both Pullet and Fresh Egg Quotations Rise; Butter Remains Firm.

AN advance, as predicted yesterday, was in evidence in both pullet and fresh egg quotations today. The former advanced 10 cents a dozen, and the latter 20 cents a dozen. This is the highest mark reached for several weeks. The market was characterized by a general decline in prices, with many issues of foreign securities being dumped on the local market.
